

“You Were Created For A Purpose”

“There are Several of Us Saints with you on this day.

Our discussion with Each Other is of Great Importance when It is available through what We feel or what We care about, or what We understand, according to what It measures in detail to every woman and man that We meet, or that We learn to talk to at a time when Our Words would be available for them to hear.

You live in a time wherein there is much egotism and much personal interest. I could make a list to shock every one of you and more, if they were to read What I have spoken.

Always remember, you were created for a Purpose that had much meaning to It, for It, in It, because of, in your creation, you automatically were available to become a Saint, a Saint to be remembered by thousands of human beings, perhaps even millions of human beings, because when an individual becomes a Saint, that mind, that body, and all there is of It, is accountable for every move, thought, word, deed, action that takes place, because of the Importance of human living and associating with human beings that perhaps do not always have all the advantages, so you, as a human being, have the privilege to be all that is correct for others to imitate so they, too, can become a Saint. There is no Greater Gift, no Greater Possession in the lands of human living in the natural source, force, background. I could talk hours on this.

Every moment of every day is important for what you do and what you think and say, but also, your representation of what you are all about is far more important than you understand it to be at this point, I promise you.

These Words are to give you an Act of Truth, an Act of Something to help you more fully understand: When a body or a Soul alone is gifted with all there is for The Creator to use, It is a Gift Far Beyond what the human mind fully understands It to be. Remember this.

I want to talk more on the Values, the Facts, the Truth that being created a human being doesn't just encourage you to have, but you were created to understand there is a Goal for your life, but for your Soul in that life, to one day return to Where I am, and you have the Title, 'Saint'."
