

SAINT AGNES

**I** am Saint Agnes. The young should be instructed on the Importance of this Gift of The Father's Love for all ages of human life because of the Importance for which human life was created.

**T**here is little, if any, sound advice, direction, guidance, interest, in how those of the young ages are being instructed verbally or by example. There is too much laxness in this important portion of life because of the Importance of every life the moment it is conceived.

**T**here is a lackadaisical attitude regarding instructing the youth throughout the world, and the excuses are allowing the youth to become more vulnerable to what they are exposed to. It is not just vulgarity, but many facets of impurities, many degrees of ignorance to the Purpose for which human life was created.

**W**e hear so many excuses, thus not wanting to face the excuses and use logic in instructing all ages of youthful years. It is sad to hear, to see, the acceptance of so much destruction — mental, physical, moral — amongst the young.

**I** hear you say, 'What age do you term young?' I would say from the year of one up to the years that individuals begin to act less vulnerable and see the advantages of morality that are important to them as human beings, and then to the dignity of human life.

**C**atering to weaknesses is, in many ways, mortal sin. Remember what I have spoken, because you will always have many, many young that you will be responsible for, whether it is through your words, your actions, or how you address all situations, because

the young automatically learn from you on every subject you can possibly be involved in.

**T**oday as I speak, I want My Words to be passed to all groups of individuals who, in any way, are active with the young.

***As I leave you, I sincerely pray to The Father that you will respect the Words He requested Me to deliver, because many Souls are being hurt by so many impurities of the mind and the body, the actions of so many young. So be it."***
