SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

So many times mankind, as a whole, believes in making changes, not always seeing changes as being for the better or for the worst.

Today as I speak through *one small voice*, it is important to speak on a subject that many are involved in, and are doing much damage with. Changes in one’s belief on The Beloved Creator of All Things is a sadness for All of Us Here in the Heavens.

Mankind throughout the world has lost sight of the Goal for which human life was created, thus ignoring totally that every human being born is instilled with a Gift of Divine Love, called ‘the Soul’. Just because human life cannot see It, does not mean It does not exist. First of all, the human mind instinctively knowing what is pure over what is impure in actions, in thoughts, in words, says that a human mind has a knowledge, has insight that no other living matter or thing has.

Today as I speak, I speak with a Firmness and Great Concern, because every day of every individual human life there are decisions to make. Some are very light in context, not to be concerned about where the Soul is concerned, but there are other decisions that are of great importance to the Soul of the individual, or individuals, who must face a decision of moral value, moral standard, and make the right decision, never allowing an immoral act, action, thought, word or deed, to interfere with the decision, for the decision to be completed.

Too little is thought about on the Importance of human life, too much emphasis is on what an individual determines is pleasing to him or her, based on their egotism, on injustice, or on an immoral fact or situation.

I could speak hours on this subject, in lengthy detail on each one, but the Words I have just spoken must alert those who write My Words, and those who will read My Words, to the responsibility each human life has in every thought, word, deed or action, because human life, being a Portion of The Creator, has responsibilities beyond what most even think about. That is one of the Reasons This Gift of Divine Love has been given to the world through *one small voice*. It is to remind mankind of all ages, all degrees of intellect, that he or she is the custodian of a Soul that pleads each day to return to The Father, a Saint.

You say, ‘How do I know my Soul is pleading in this formal way?’ Human life has been given the distinct ability of judgment of what is moral over what is immoral, what is pure over what is impure, what is just over what is unjust, what is truth over what is untruth.

Remember My Words. They can be the Guidelines for how you will make decisions, because if you remember, as you speak, as you think, as you make decisions, you are responsible for each portion of them, and how they affect your life and the lives of others with whom you participate in any actions, thoughts, words, deeds.

As I leave you, I beseech you: Never forget your Soul, because It is a Portion of The One Who created you, and human life is a privilege beyond what you can imagine it or understand it to be. So be it.”
