

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON APRIL 11, 2000 AT 12:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I smile as I say these words: A child of years stands in your presence many, many times, always listening to Our Presence, waiting to hear if One of Us wants to dictate Words of Encouragement, Words of Hope, Words of Direction, and definitely based on Divine Love.

The whole world has been blessed by this Gift of The Father’s Love, a Gift beyond what the human mind can fully understand, because All that is spoken is not the way mankind truly understands or thinks, because it is innate in human life to base all things on a humanistic level of understanding.

I speak with much Love today because of the Importance of human life. I speak as a mother would speak, encouraging her children to think of the future, and always remember there is a future to human life. Logic says it will be lived in a different manner, way, under different conditions, but nevertheless, it does exist. It will exist.

Today as I speak through one small voice, if the truth be known, if there were thousands of people present, they would all hear what I have to say because My Voice would carry, first within their minds, and then touch their hearts, and then hopefully, their way.

I bless the world today through one small voice because it is important that all human life understand how close each human being is to Divine Love, and each human being was created to one day return to The Father to be a Part of Divine Plan.

As I bless you at this moment, it is with My Love for your Soul that you are the custodian of every moment of every day, and as the

custodian, your responsibility is greater than anything you could compare it to in the human way. It is My Love for you, those who take My Words, those who will read My Words, and those who will obey what I have requested, and that is, to remember the Soul that each human being is gifted with will one day return in a pure way for *all time*.

Mankind oftentimes cannot fathom what '*all time*' means, but it is more important for mankind to remember: The Father, in His Love for human life, wants each Soul that is gifted at the moment of conception, to return to Him a Saint. So be it."
