

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The importance of a Book called the Bible is far greater than it is understood to be. Each topic is important at this time as it was at the time it was written because, you see, human beings do not change that much in their thinking, their actions, their values, their hopes, their dreams.**

**The beauty in the Bible is not fully seen, because it was written in an order of words, using a conciseness, because of the amount that was to be spoken, written, and seen important to the human lives for all time.**

**If one would but look at the topics and see how he or she could relate to that particular subject, it would be Important for the Soul, because the Soul is a victim of all that an individual does, thinks, when it is impure in any form, manner, way, degree.**

**As I speak today, I would like you to think about one important act that it would be important for you to follow. Each day as you awaken and you know what you are expected to do with your responsibilities, with your way of life involved with others along the way, it would be nice if you would visualize what your Soul would look like at the end of day because, do not forget, the Soul is what absorbs everything you say, you do, every moment of every day.**

**This may be difficult to understand or even believe, but perhaps My next statement will help you to think about how**

many times you say about someone else: 'They are just like so-and-so, every action, every word.' It is important to find within your own being what you should do to constantly remember you have a Soul, a Portion of The Creator within you, just as if The Creator was standing visible to you.

**A**s I leave you, I sincerely hope that each one who reads these Words will one day become a Great Saint. By 'Greatness' I mean reaching the limits of Sanctity available for the Soul you were given at the moment of your conception. The Importance of the Soul is that It is a Portion of The Creator, difficult to understand perhaps, but nonetheless fact.

**I** bless you with a Mother's Love, and I beseech you to be example in everything you say and do, because everything you reflect to others leaves a mark within them that you cannot see, but it does affect their lives in some degree. So be it."
