

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MAY 9, 2000 AT 1:12 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. This Gift bearing My Name is a Gift Of The Father’s. The Purpose for the Gift is to allow human beings of all degrees of intelligence to more fully understand the Purpose for human life, the value of it, and the Goal for it.

As it is innate in human beings to strive diligently to reach goals in many subjects, for many reasons, the basis for this ability in human life is for individuals of all degrees of intelligence to find within themselves a Goal that is the Ultimate Goal for which human life was created; of course, that is Sainthood.

At this time there is so little emphasis on why human life was created, ignoring totally the Purpose, the Beauty of the Goal for which it was created. So much humanism has, in many ways, caused all ages, all cultures, all creeds of human life, to not think about the Importance of the Goal because they have never seen It, and it has never been stressed, in many ways, to appeal to the way they live, or to appear as a possibility.

So many Words could be delivered on this Subject. Many thus far have been, but We Saints find that in the humanistic values, human life ignores the Goal for which it was created.

Today, in this year of time, there is so much confusion, desecration, immorality, and yes, lust for only the physical aspects of human life, ignoring totally the Commandments of The Father, and all that is necessary to uphold these Commandments. Men, women and children are ignoring the fact

that where they live they have laws, and must be obedient to these laws, because without obedience to them life could become cannibalistic in many ways.

Today as I speak these Words, it is important that those who reach a responsible age must understand that they are example, in many ways, to those their own age and, of course, those who are of a younger age.

Ask yourself, when was the last time that you felt your appearance, your actions, the words you spoke, left an indelible mark on those who were with you, causing them to see something within you that gave strength to the meeting, and also something for them to think about, regarding the Purpose for which human life was created?

Dignity, of course, plays a big part in what another one sees, but also an important factor is the use of the correct language, allowing no impurities to enter, because impurities in language only please the enemy, and nothing is ever learned by them, but there is always an indelible mark left because of them.

All of the Saints are willing to speak through this Gift Of The Father's Love, because as Saints they see the necessity for human life to be instructed more personally on the importance of life, what it was created for, and that there is a Goal to it, for all Eternity.

As I leave you, I pray you will remember these Words and you will see the Value of Them, because as you live in the human way you have been given a will to make decisions with, you have been given an intellect to remember what is pure over what is impure, and also, that your words will remain indelibly

in the minds of those with whom you have spent time.

When the day is done and you look back upon all you have accomplished, all that you have spoken about, do you feel you have left a mark for others to remember you by in a moral, sound, loving way? It is something to think about.

As I leave you, I beseech you to remember My Words and make a practice of not going to sleep without saying a prayer requesting strength to face the day on the morrow, that you will be able to leave in others you meet an important issue to think about regarding truth, logic, hope, and the value of being a human being, different and yet appearing like all other human beings. So be it.”
