

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 5, 2000 AT 1:35 P.M.

SAINT JOHN OF THE CROSS

I am Saint John of The Cross. There are so many stories written on the importance of how an individual should remember how close they are to The Creator, to God, to The Designer of All that is present throughout the world.

As I speak today it is with a deep love for human beings of all races, all cultures, all creeds, all ages, because there is so little being spoken about, instructed on how important human life is.

When a child begins to learn the basics in how to write, how to speak, individuals who care about them make big issues out of a child learning what they feel is important, aiding them in their beginning years, to learn and to be able to speak properly, clearly. Knowledge to many people of all ages is based on what they are interested in, not always what is beneficial to them.

All of the Saints Here in the Heavens desire every living human being to become aware of this Personal Gift of Divine Love, in which so Many of Us speak on many facets of human life, but also, on the Importance of The Beloved Saint Joseph Who, at one time, was upon the earth with the Title of The Foster Father of The Son of God.

Ask yourself, in those days was He approached by others calling out His Name saying: 'Foster Father Joseph'? Of course not, but so much has been passed down through sound historical reasonings that ***as The Beloved Heavenly Queen Immaculately Conceived a Son, The Son of The Creator, it is Important to understand that The Divine, in so many ways, has given human life of all ages a Beautiful Lesson in The Father's Love for***

human life, in divulging to all of mankind the separation between The Divine and what is created by human means.

Some reading these Words may find Them difficult, but if they will but look into the logic of the Words, they will see how beautiful The Father is in His Love for human life, by setting the standards, the background, in His Own Personal Way, for all of humans to follow, and to see the beauty in the creation of human life, the human way.

Thousands and thousands of Lessons have been given through this Gift of Divine Love, available for men, women and children of all ages, all backgrounds, all degrees of intellect, to more fully understand how Gracious, how Loving The Father's Love is for man.

The world has been blessed abundantly and all that has been delivered, instructing in a very gentle way what a beautiful Gift human life is, and that it has a Goal to reach for and obtain.

Today as I leave you, I want you to know and I want you to be assured that your Faith in Divine Love is blessed in so many ways, thus giving you the strength mentally, physically, morally, psychologically, to pass to others throughout the world All you have been requested to put into script for the benefit of Souls you will never know, but hopefully, one day when the time comes, your Soul will be looked at as a Light that showed them the way. So be it."
