

GOD THE FATHER

“I have blessed the world abundantly, using one voice, one body, one acceptance of obedience, through a Soul that is a Portion of Me.

The little one through whom I speak has been instructed to be available every moment of every day, for My Presence, and the Presence of Many Here with Me, to be able to instruct human beings on the Importance of this creation of Mine, because of the Goal that I have made for this Particular Gift of Mine.

As I look throughout the world, it is a great sadness to see so much immorality causing devastation to that Portion of Me in each human life. Think about this: If you hurt your body by a small cut, a small blow, does it not affect you according to the degree that occurs? As each Soul is a Portion of Me, remember that the Soul is a victim of all that is done wrongly.

Children are not being instructed on the difference between human life and all other living matter or things. This must cease, because as I see the world today it is devastating, in more ways than I would like to say at this time.

As I stand Here with you, there are Many Present Here with Me, perhaps even some who walked at one time with you. The Souls that surround Me come from all areas of the world.

Many Saints speak as I speak, discussing with Me different matters, different degrees of what is occurring, because, you see, the Soul of every living human being is a Portion of Me.

As I leave you now, I am asking you to be sure that All that has been passed through this Gift of Divine Love be spread throughout the world, not kept in a file, not kept in a drawer, not held possessively. This Gift of My Divine Love is meant to reach the far corners of the world.

So many Saints Here in the Heavens have been given the tasks to speak in a Directive Force, so that Their Words will be seen for the Fullness They mean.

As I stand Here with you, and Those Who surround Me smile, because of the Souls They are aware of in the room where I am now allowing My Words to be put into script, to alert human beings of the Importance of why I created them, and the Goal for which Each Soul has the opportunity to be returned to at a given time. So be it.”
