

SAINT THERESE OF LISIEUX

**I** am Saint Therese of Lisieux.

***This Blessing that The Father has delivered through one small voice, is a Blessing far beyond what any human being can perceive It to be. Men, women and children throughout the world need this Gift of His Divine Love, because It is the only Gift of Direction that is so obviously good for the human mind, the body, and needless to say, for the Soul.***

**A**s each day opens to a new beginning, every human being has the ability to look at the day as a day full of good thoughts, understanding, and the ability to serve The Father by doing all the things that would be pleasing to Him; first of all, based on His Commandments.

**I**t is sadness for me to say, the Commandments that were given a long time ago have not been looked at in Their fullest measure or the purpose for which They were given to human life. It is like a forgotten statement of communication, of love, of direction.

**I**t is rare that We hear a number of men, women and children ending the day with an examination of their actions, their conscience, and how they affected others' lives in what they did, what they said.

**T**oday as I speak, My Words are given with much Love, much Hope, because it is important that the Commandments that were given a long time ago, be put in places to Their fullest degree, not just in Their concise manner, giving thousands of men, women and children the opportunity to remember Them if they had once learned

Them; but if they had never learned Them, it is time to memorize Them because of the Soul they are the custodian of, that is the recipient of all the things they do, they think, they say.

**S**o many times in this Gift of The Father's Love, through The Beloved Saint Joseph, Words are spoken by Many Saints Here in the Heavens. We see individuals read Them, but within a few seconds, the subject is forgotten, and as the individual says, 'Life goes on.'

**T** rue, life does go on, ***but the Commandments must be remembered as an Important Portion of life, the Guidelines for Sainthood, and in the Commandments there is Hope, there is Love.***

**T**oday as I speak, I beseech those who write My Words and those who will read Them, to be sure that the Commandments of The Creator are delivered to many corners of the world. ***They are desperately needed, and in many ways They are the Guidelines for the safety, the security, the hope for millions of Souls.*** So be it.”
