

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON AUGUST 1, 2000 AT 1:15 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory The Great.

The Father has handed to the whole world a Gift of His Divine Love, a Gift of Instruction for all degrees of mentality, and all degrees of Faith in The Divine. In this Gift He has directed so many of Us Saints to speak on particular subjects to help mankind of all ages, all cultures, better understand what a privilege human life is to man.

It is sad when We hear discussions regarding the inability to fathom that there is a Divine Being.

The world has been blessed by this Gift through The Beloved Saint Joseph, helping all who will listen to better understand that human life was created totally in Divine Plan.

Children are not being instructed on what a Precious Gift human life is, and that it has its obligation to reach for a High Goal, the Highest Goal, and that is, of course, to become a Saint.

There are Hundreds of Us stand by this Miracle each day, waiting for The Father to give the sign for One of Us to speak. It is important that All the Words that have been so far delivered be passed throughout the world, no matter what language others speak. Hopefully, they will find a translator to guide them, because it would be difficult for Us to speak in all languages through one small voice.

There are many so-called ‘religious’ men and women who deny this Gift that is present in the world today. Some do not have the

Faith, and some do not desire to compliment another human being who has the Gift The Father's Way.

Children must begin to be instructed on the Importance of human life, because of the Importance of the Soul they are the custodian of, from the moment of conception until the day they return It to from Where It Came.

Little sound spiritual advice is being deliberately spoken about, instructed, delivered. It is sad for Me to say that human beings of all intellects, all backgrounds, are practically denying that there is a Supreme Being, Power, that exists.

The Father has appointed one voice to speak so Many Words. This, of course, is difficult for many so-called 'learned individuals' to find truthful, to find it factual, but nonetheless it is evident because of All that has been passed through this one small voice for all of mankind, all ages, all creeds, all intellects.

At the moment of conception a human life is Gifted with a Portion of Divine Origin, Existence. It can never be seen, but It is That Portion of human life that gives Strength, Hope, Encouragement, and many abilities to handle each day of the living part of life.

I could speak hours on this subject, but The Father has Designed this Gift to be addressed in a manner and way that is not too much for others to read at one time, so as I leave you, I bless you with The Father's Love, and want you to remember that your existence has a Gift that no other living thing has. ***From the moment of your conception you are the custodian of a Portion of The Creator that must be Returned to Him in a State as Pure as when It was given.*** So be it."
