

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON AUGUST 25, 2000 AT 12:58 P.M.

**T**here are six of Them. Saint Catherine Laboure, Saint Dominic, Saint Teresa of Avila, Saint Columbkille, Saint Patrick. They are smiling. She says, "You know Me." She is smiling. "I will speak. I am Saint Anne."

SAINT ANNE

**"T**he world, as you know it to be, has several important things for all of mankind to see, to understand, and to be aware of the importance of each of these things.

**M**edical professions are obvious because of the work they do and the dependence others have on them to a great degree. Those who fight for laws to be respected come in many forms, some called legal degrees, others political dreams, ways, measures, actions. The talents of human life are so numerous and, in so many ways, make life more interesting.

**T**oday as I speak, it is what I call an awareness, because of the Love The Father has for human life's abilities. ***As All of Us Saints Here in the Heavens watch constantly, listen constantly to the Souls of many who do not even recognize the fact that they have a Soul, in fact most human beings are totally unaware that within them they carry, they bear, and they depend upon a Portion of The Creator in all they think, they do, they say, they practice, they believe in.***

**C**hildren are not being instructed properly on the magnitude of what the human world is all about, and definitely not on the Magnitude of The Creator of the human way, and all the gifts to human life. So much is ignored, cast aside, eliminated, bypassed unconsciously.

**T**oday as We All stand Here with all of you, We cannot be seen by you, but Our Presence is not meant to distract you. Our Presence is to Instruct you on the Important Factors of human life, the Reason for human life, the Value of it, and the Goal for which it was created.

**I**s it not true that loneliness to a human being is many times a sadness, because the company of other human beings gives strength, and adds to a life more interest, also more courage?

**T**oday is a special day for every human being who lives, because today is another day allowing the time for each human mind to understand what a Precious Gift human life is. There are so many facets of human life that give strength, purpose, hope, and individual pride.

***As these Words are spoken, All the Saints Here with Me smile, because so much has been delivered through this Gift that The Beloved Holy Saint Joseph is the Leader of, the Giver of. Though He is known only as a Saint, through this Gift of Divine Love He has been shown for the Full Measure of Greatness that He has been the Custodian of, and is the Custodian of. He is The Holy Spirit of The Creator.***

**N**ow for some this may be difficult to understand, so I will add a few Words to help it be more understandable. Each human life, at the moment of conception, is gifted with a Portion of The Creator called the Soul. Now, in this creation, The Father used All He Was, to teach regarding the Importance of human life having a Soul.

**H**ours could be spent on this subject, but as The Father says, 'One step at a time,' because for children of the human way to understand The Divine, takes time and a constant hearing or reading

Important Factors, Situations, that help the association between human life and The Divine more understandable, and the Value of It comprehensible.

***As I leave you, it is important for you to know and to understand that this Blessing given to human life from The Father to man is the Greatest Gift that mankind could receive, because in All the Lessons, the Teachings, the Instructions, Divine Presence is Personally at hand, encouraging all who read, all who hear, to more fully understand what a Precious Gift human life is to man. So be it.”***
