

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON AUGUST 28, 2000 AT 1:00 P.M.

SAINT CATHERINE OF SIENA**

“Yes, there are three of Us present. I am Saint Teresa of Avila. I am Saint Therese of Lisieux. I am Saint Catherine of Siena.

The Father has given to mankind the Greatest Gift of Instruction since The Son walked the earth at another time. Many volumes of Books have been requested to be written, and there is so much revealed in story form and other forms. Each Book, though written differently, was made to be this way so that different times in the lives of human beings there would be Words they would understand, because of the time in which they were living.

Since this Gift, called The Miracle Of Saint Joseph, was first introduced, countless Saints have been given the privilege to speak, instructing in many ways, the importance of human life because of the Soul that each human life is endowed with at the moment of his or her conception.

The enemy fights Great Miracles because without these Special Gifts from The Father, human life would not have a constant consistency of Instruction on the Important Reason for which human life was created.

Many, many, many, many years ago, when this little one through whom We All speak, was told certain things, she wondered how she could have thought of the subject matter. So then, this Gift of Divine Love was openly announced so that All

that would be delivered, would be recognized as to Where It was coming from and the Importance of It; the Responsibility to repeat what the little one cannot hear but only sense, or understand a Presence invisible to be delivering such Wisdom in such Strength, for the benefit of Souls of millions of human life.

In so many areas, men, women and children are misinformed, due to their curiosity or their vulnerability, or their wrong choice in what is morally right, sound, reasonable, valuable to that portion of them; first, the physical, but then ultimately the unseen Portion of them, the Soul.

This Gift of The Father's Love for human life should be translated in a multiple number of languages because of the Importance of It, the Purpose for It, the Truth that is being given for the protection of Souls, that nothing else in the world is doing, or capable of doing.

Mankind is used to speaking on what is called religious facts, findings, truths. Some are delivered in a measure of value, but when interpretation affects the value, the subject loses much strength. All that has been delivered through this Gift, at this time, must reach millions of human beings, because It allows so much to be understood through Its Logic, Its Concern, and Its Presentation in the closeness human life has with All that is Divine.

So Many of Us speak. The Father Wills it to be this way. The world has been blessed abundantly through the Written Script of Direction, of Close Association. What more can a human being ask? So be it."
