

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

If Saints were given the privilege to cry, there would be so many tears Where We are. No human being could understand the weight of the tears.

Today as I speak, I speak firmly because it is necessary. Too little is being done, and too few individuals are obeying the Commandments that were given through a man called Moses. ***He was the instrument chosen by The Father to reveal to human life of all ages, and all times in human life, The Father's Rules that He had given to human life, for the boundaries that were Important for the Soul.***

What is a boundary? A boundary has many purposes, and it must be seen for being a limit of one's actions, one's abilities, one's character traits, one's emotions, and many other facets of human life. Children are not being instructed on the importance of a boundary.

Ask yourself when you read these Words: Is it not true that those who commit great crimes are forced into a boundary of space for the safety of others, and the additional advantage is that the individual or individuals cannot commit crimes?

I speak differently today, because there are so many men, women and children who need to more readily understand that there has to be boundaries in life. One cannot just do anything he wills, or she wills, because the enemy who is always evident encourages moral boundaries to be cast aside, to be crossed into what is

pleasing to him.

**N**eedless to say, this subject has only been touched upon, but hopefully, the few Words I have spoken will be cause to think, reason to be example of, because you see, the enemy has no bounds, and encourages millions of men, women and children every day, to act like he is.

***Each time One of Us speaks it is to present a Point to think about, and to remember as It being Important to the Soul that you are the custodian of, and to remember, also, that this is a Gift to give life Purpose, to reach a Higher Goal at a given time. So be it."***
