## SAINT ATHANASIUS

**“I** am Saint Athanasius.

**T**here are many heresies throughout the world, and it is sad to say that most men, women, of all intellects, all backgrounds, do not recognize what they are being requested to accept, or sometimes even become a big part of.

**I**t is difficult for many so-called learned men and women to open their minds to the many practices, subjects that families are attracted to, and so-called big business is involved in. This statement will be rejected by many, but that is not important to Us, because rejection is part of human nature when one resists the responsibility that is obviously open, to accept what is incorrect.

**W**e speak slowly through this little one, and more quietly than she is used to, because of the tiredness within her being that no human being could fully understand.

**T**hroughout the world satan is using every weakness available to destroy sound moral values, sound moral standards, and yes, highly intellectual individuals who weaken on subjects they know are impractical, impure, or totally out of sync with what is important in daily life, because of the Soul that each human being is the custodian of.

**T**oday is a very important day for millions of people not present here, because each of them must face decisions of morality over immorality, truth over untruth, and in many things, on many subjects, God's Will over the enemy's temptations.

**A**s I leave you, it is sad for me to say, you do live in a very important delicate time, because there is so much the enemy of all things is extremely active in, to destroy the Souls of millions of human beings. It is a rare thing for an individual to first think of their Soul before they make a decision on any subject.

**A**ll of Us Saints beseech you, think about this statement, and remember that when you are open to make a decision, look at every aspect of it, because there could be many portions of it that could be dangerous to your Soul.

**A**s We leave you, We would like to leave you with strength to decide on accepting only what you know is important for your Soul. So be it.”
