

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON NOVEMBER 1, 2000 AT 1:50 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so many areas in human life that are not being seen for what they truly stand for; some are of great importance, some are very dangerous to the Soul, and some to the body.

So-called learned men and women are ignoring open signs that are important to the Salvation of their Soul and the Souls of others. A child of very young years is oftentimes more aware of what he or she is about to do as being right or wrong. It is instinctive in human life to recognize within one's self the right or the wrong, the pure or the impure of an act or intention.

The Father has given to the world a Gift beyond what the human mind can comprehend, and that is to be able to respond to what is morally sound over what is immoral and dangerous in certain facets of it. If I were to take you throughout the world at this moment, you would find many excuses in thousands of individuals in how they were acting, why they were acting, in the manner and/or degree of impurities.

Today as I speak, at this moment there are thousands, if not millions, throughout the world, who are openly practicing impure actions, deeds, with no conscience of who will be, what will be affected by their indiscretions, by their indifferences to what is morally sound, pleasing to The Father. There is rarely a question if they are pleasing The Father, The Creator.

Emotions have a lot to do with impure acts, actions,

participations, indulgences. You do live in a time where, though the human mind has become more apt to see things with greater knowledge, greater understanding, more perception, this does not mean that the individual is bound to performing in a way or accepting what is morally sound and pure over what is immoral and unsound.

We hear so much bragging about intellectual prowess now: 'People are more intelligent.' Basically that is not so. From the beginning of time, the intellects of human beings was available. The only thing that stood in the way of them showing what they knew, what they felt, what they desired to expound on, were the surrounding situations that could not handle it, or the timing was not yet right.

So much has been spoken through one voice, and there are millions of men, women and children begging for help, pleading with The Father to send something, send someone to give them more strength, more reasoning in how they should live, how they should act, how they should interpret what they already know so it will better satisfy the Judgment for their Soul.

So much has been delivered through one small voice. Some ask, 'Why was it not a loud voice? Maybe it would have left more of an impression.' The Content is what counts and the full understanding of the Content and how the individual reading It or hearing It will apply It to his or her own way of life.

When a parent holds a child's hand at times when it is necessary, it is to safeguard the child because of circumstances that perhaps the child would not see, but men, women and even some children of older years obviously see and know when something is impure, unjust, or detrimental to a Portion within them called the Soul.

So Much has been delivered, awakening the minds to think on the Important Portion within them that will be judged at a given time. So few now in the time in which you live ever think of this. The moment counts, the idea counts, the purpose counts, the result counts, but not the Final Judgment, because humanism has replaced spiritual logic in many portions of human life.

Today as I speak to you, I speak to you with much Love, much Concern, because it is sad to know that so much time is wasted on pleasing only the enemy, thus abusing the Soul that is a Portion of The Creator. No greater gift could have been given to human life, because without It, human life would not have a conscience or the ability to understand that human life has a Goal, through a Portion of It called the Soul.

Mankind wants justice. Be sure that in everything you do, you say, that your Soul can reflect the justice of your way. So be it.”
