

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON NOVEMBER 3, 2000 AT 12:57 P.M.

SAINT PETER

**I** am Saint Peter. I have not spoken often through this Gift of The Father's Love for human life.

**I**t is important that all denominations of spiritual understanding fully comprehend the Importance of the Supernatural, and Its True Existence.

**I**t is sad for me to say that spiritual understanding is almost passe. By this I mean men, women and children have become so humanistic oriented, that this causes a priority in their thinking, acting, indulgences, and participations.

**I** do not speak often, openly, through this Gift of The Father's Love at this time, but as He requested I speak today, it is to remind mankind of all ages that ***as the Rules were laid down, They were laid down in a lengthier degree than mankind knows Them to be.***

**E**very morning, every day, man, woman and child should look at what they accomplished according to the Will of The Creator, not just to appease their own manner of living. There is so little instruction on the Sound, True Value of The Commandments Of God, The Creator Of All Things.

***This Gift through which I speak to you, is a Gift Far Greater than you understand It to be, because It is a Gift of Enlightenment and a Consistent Order of Instruction, opening all avenues of enlightenment to What The Father Wills each life to be, using the Rules laid down a long time ago as the Rules for daily practice, obedience, always understanding that the Soul is the recipient of all an individual partakes in every day of***

*his or her life.*

***As I leave you, I would like you to remember to each day go through the Commandments one by one, and ask yourself, have you respected Them, have you used Them in the proper way? So be it.”***
