

THE SACRED HEART

“The name that pleases Me so much is when I am called The Sacred Heart.

Children are not being instructed on the importance of purity of the mind and the body. Too many allowances are acceptable when a child acts impurely. So many excuses in favor of a child’s age are dangerous to how the child will one day see what is right over what is wrong, what is pure over what is impure, even to the point where justice will not be seen for the importance of the value it is on so many subjects, and so many degrees of human behavior.

As I speak to you today, it is through one small voice. Some hearing Me say this, or reading What I have spoken, will say; ‘Why do You not show Yourself openly to all of us?’ This is not necessary, because within each human being Faith in The Divine should be the most important factor in one’s thinking, one’s actions, one’s purpose for knowing, for doing, and for practicing self-control, defying the enemy on every issue.

You do live in a time worse than Sodom and Gomorrah. These Words, to most, do not mean too much, because they did not see the horrors morally, mentally, physically in Sodom and Gomorrah, but even though human beings have reached a point of understanding logic in a more thorough degree, so many still ignore the Purpose for the God-Given Gift of understanding what is correct, what is incorrect, what is truth, what is untruth, what is pure over impurity.

Justice is an important factor in human life, but it is not always practiced. Thousands and thousands and thousands

and thousands of Words have passed through one voice, not to instruct the one whose voice is being used, but to alert millions of human beings, through the script of the voice that is used, to more fully understand that human life is an Important Part of Divine Plan, a Gifted Portion beyond all other things.

It is sad when this Gift is demeaned in any way, because there are so many Gifts to human life, in human life, that give a Purpose to human life beyond what anything else has.

The world is in chaos, but it is not always seen, because sometimes turbulence in how people act, think, speak, causes men, women and children to be so distracted that they do not look beyond the distraction, and look for the right over what is wrong, the pure over what is impure, mentally, morally, physically, spiritually.

As I leave you, I beseech you to make it a habit, at different times in the course of a day, ask your Soul to alert you if you are looking or speaking or thinking the wrong way. Your Soul will, you know, because It is a Living Portion within you, and It is alert at all times, and many times protects you without you knowing that your Soul intercepted what you were going to say, what you were going to do, how you were going to act, and helped you do it the right way.

As I leave you, I beseech you to thank The Father for allowing you the freedom of how you think and what you do, because through your freedom you have been Gifted to be the protector of your Soul, allowing no one else to cause harm to It.

You are blessed in many ways, and when you say a prayer, a request, or a 'Thank You', it is heard in a beautiful way. So be it."
