SAINT JOHN THE BAPTIST

“I am Saint John The Baptist.

Human life has an importance in its very creation that nothing else has. Human life is a Gift of Divine Love. Human life has a Purpose and a Goal, and it is sad to say that most human beings do not realize this.

As All of Us Saints gather Here in the Heavens, We are constantly aware of the millions of men, women and children who have no concept of the importance of every day they live, everything they do, every word they say, and what reflection they have on others, sometimes outwardly, sometimes just in a quiet way.

In the creation of human life, it was the Love of The Creator of All Things that designed human life with many Gifts that The Creator was the Designer of, the Custodian of. The Gifts that human life is given have many reasons, many purposes, giving to human life reasoning, values, understanding, and innately to reach for a Goal beyond what human life can give.

We hear men, women and children of all ages doing many things, practicing many things to be successful, and to have more advantages. ***The Greatest Gift that a human being can strive for is Sainthood. All of the Saints Here in the Heavens shout with Me, ‘Make Sainthood your Goal.’***

So little is being taught on this Goal for life. Daily We hear thousands of individuals doing many things to gain attention, to reach goals. This is good in many ways, but it is a rare thing, or I should say almost a never thing, to hear someone say, ‘Heavenly

Father, please help me to one day return my Soul to You a Saint.' This is the Greatest Goal that any individual can desire, or use what they are to reach.

Many stories have been written, many interpretations of the stories, but The Father has given to the world a Gift of Divine Love with a constant, consistent, constructive practice of awakening human beings to the importance of human life, that it has a Purpose, and that is to return the Soul to The Father to remain with Him Forever. Granted, it is difficult for many to visualize a Portion of themselves, unseen at this time, not felt physically, but It having a Goal to return to The Creator Forever.

Prayer is Important, but it should be done with a sincerity, not just out of a mood, or just at a time when only something is needed, wanted. It should be a practice in daily living, a communication between a human being and The Divine.

It is important that children be instructed on the fact that there is a Goal to life. In the creation of human life a gift of striving for success was placed within the human mind. This, of course, was the foundation, because of the Soul that is to be returned to The Father a Saint, bearing the name of the individual in whom It was placed at the moment of conception.

I beseech you, those who write these Words, and those who will read these Words, look into the Value of Them, the Importance of Them, the Truth in them, and strive to become a Saint because, you see, at the moment of conception a Soul is placed within the conception, that nothing else, no other living matter has. So be it.
