

SAINT ATHANASIUS

“I am Saint Athanasius.

Throughout the world men, women, and children are aware that at a given time a particular chosen individual was instructed by The Creator Of All Things, to deliver the Commandments The Father decreed to be the Guidelines for all human life from that moment on.

As this man called Moses was sent high on a hilltop, that had a tremendously large area within it, so that when the Voice was to be heard, the Voice would be clearly understood on the definition of Each Word. Naturally, these Commandments were not as concise in delivery as they have been brought down through time as. Each Word was more clearly stated, each definition more clearly pronounced and announced.

When Moses was released from the burden of learning, not just listening, everything he heard was so indepthly imbedded in him, that he was able to instruct in a very clear vocal manner what he had been told would be the Guidelines for all human lives from that point on.

If these Commandments had never come about, and were not seen for the Greatness in Instruction that they were to human life, all human life would be as animal life, and only act and react according to what was comfortable, or what they felt capable to do.

The blessing of the Commandments was beyond what human beings have ever truly been able to see the important value of; they were Rules. At that time they were instructed in lengthy manner and way, leaving no fraction of them unable to

perceive in its full measure.

At this time in which I dictate these Words, these Commandments are not held in the respect, the degree, that gives to human life basic sound reasoning for the Purpose for which human life was created. The Words have diminished to such a single meaning.

The Father has given, at this time, one voice to repeat All that is spoken from here, All that is necessary for all of human life to learn, to realize as important and to follow, because human life has a Goal, due to the Soul that human life is the bearer of from the moment of his or her conception. No greater Gift to any living matter or thing was ever given like This One is.

It is sad for me to say that the Commandments of The Creator have been put into what man would call 'an easy learning degree', eliminating, of course, Valuable Words giving strength to all Each Commandment was originally said to be, meant to be, and given for. ***Needless to say, books could be written, hundreds, even thousands of books, on the subjects of each one of these Commandments, because of the Importance of the Soul that is the recipient of all that an individual partakes in, listens to, or declares as important.***

Children are not being instructed on what is pure of mind, body and spirit, because many who have grown in age do not know the Commandments themselves in the degree that is protective for the Soul that is a Portion of each human being. ***If it were not for the Soul, human life would not even comprehend that there has to be a Supreme Power, Superior in all things and, yes, unquestionable regarding the importance of human life, its Purpose and its Goal.***

All of Us Saints could speak hours endlessly. It would run into a timeless degree that human life could not bear the burden of, so The Father, in His Love for human life, has allowed the Commandments to be put in a concise form for learning privilege, but so much diabolical practices ignore what the Commandments are all about, and dismiss their purpose.

My final Words are this: Degradation, Desecration Must Cease. So be it.”
