

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON FEBRUARY 2, 2001 AT 12:43 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father, in His Love for human life, gave this Miracle that bears so much Personal Instruction on The Father’s Will for human life. Children of all ages should be taught, instructed about this Gift, so they will be able to hold the Closeness of this Gift in their minds for the rest of their life.

Sometimes it is difficult for some individuals to discuss a Gift of this Magnitude of Divine Love for fear of being criticized, but this must cease, because the closeness of human life to The Divine is a Gift of Divine Love beyond human capability to understand, and yet the innate knowledge of what is moral over what is immoral, what is truthful over what is untruth, is an important part of mankind. Even children feel the weight of an untruth, and the joy and the happiness in truth.

So many Saints Here in the Heavens enjoy the possibility, the capability, to be able to speak to millions of human beings on the importance of human life, its Goal, and how The Creator of All Things is Part of it, an Important Part, because without The Creator human life would be like all other living matter or things, subject to what was occurring in areas that had no choice, just that they were available for certain facets; to feed the animals, to help the animals breed, and that would be the end of it.

Too few men, women and children value this Gift of Divine Love that The Father has given in so many ways, thus giving to human life the ability to understand His Reason for the Gift of human life.

Each time One of Us speaks, it is important that What is spoken is remembered and shared with as many other human beings as possible, because One Short Message has the capability of enlightening another individual of the importance of human life, the Purpose for which it was created and, of course, the Goal The Father has given it for passing through the human form, learning more about creation and the Importance of the Soul that each human being is gifted with at the very moment of his or her conception.

All the Words that have thus far been delivered through this Gift of Divine Love, and in count there are millions of Them, must never lay dormant any place, but must be sent throughout the world for the good of Souls in every area of human life. So be it.
