

REVELATION DELIVERED THROUGH FRANCES M. KLUG

SAINT PEREGRINE

“I am Saint Peregrine.

There is no place anywhere on this world or in it, that so much Divine Love is being addressed for the benefit of millions of Souls that were presented to human individuals at the moment of their conception. There are many reasons why a Gift of this Nature, Background, is limited in area because, if It were not, It would be abused by those who would not have the Faith to understand how The Father, The Creator, understands man.

Today as I speak, I speak with much concern, because of the absence of understanding in all ages of human life, all backgrounds, all degrees of intellect. It is difficult for me to make this next statement: ***Faith in The Divine is not being spoken about because so much is based on humanistic practices, intellect, and all things that human beings are attracted to, part of.***

When We see some men, women and children of all degrees of intellect, all ages, read What has been spoken by Someone Here Where I am, the Importance of What is spoken is obviously eliminated, passed over, ignored. I could speak endlessly on what a sadness this is for the Souls of millions of people, that The Father Wills to have them read What is spoken, hear others talk about It, and the ability to apply It to their daily tasks, their conversation, their association with all they come in contact with.

I speak slowly through this little one, because Everything that is presented by The Divine she understands to be of The Ultimate Source, and desires only Our Presence to be felt so that those who are with her, those who are putting the Words into script, will grow to the degree that they will represent All that is Important, helping

others they meet to more fully understand that human life is above all other living matter or thing, thus changing all that is impure in how they feel, they act, they speak, and desire only to be example, helping others to read What has been written, and to help others desire to become Saints.

Needless to say, volumes could be written on What I have just spoken, but the nature of human life is more apt to accept conciseness instead of great detail.

As I close My Words, I beseech those who have written Them to remember: ***Example of All you know to be True, to be Valuable to the Souls of millions of human beings, you have the responsibility to spread the Words to help others become Saints. So be it.***
