

SAINT JOHN THE BAPTIST

“I am Saint John the Baptist.

This Beautiful Gift of The Father’s Love, that enlightens human beings to the fact that they are born with a scar on their Soul, and this scar, in many ways, has a purpose. It is to awaken all human beings to the importance of safety in all areas of life, but also purity in all areas of life.

Many individuals do not accept having been born with a scar, but this Lesson is Far Greater than the human mind first sees it when hearing it, because the human mind is based on what an individual desires to feel, to think, to say, to follow, always wanting to ignore there is an Importance in human life beyond what the eye sees or what the sensitivities of the flesh feels, and that is that there is a Goal to human life that nothing else has.

At one time, The Father, in emphasizing this scar, gave to human life a memorable way to cleanse the scar, calling it ‘Baptism’, along with a Blessing to give strength to the moral values and standards.

Each day through time, men, women and children forget the importance of purity of the mind, the body and the Soul, and in their practice of doing what they do, they do not always remember that the Soul is the recipient of every unjust, unfair, impure thought or act, and it remains until the individual uses the time to speak to The Father, making a promise not to abuse the purity of the Soul again.

Today you live in a time wherein so many so-called men and women use what is called ‘Liturgy’, feeling they are spreading the

Word of The Creator, the Word of The Son, the Words of the Apostles, and so on and so on.

The next line is sad for Me to speak, but it is important that every human being be aware that human life was created with a Soul, a Portion of The Creator. This Soul gives strength morally, mentally, physically, spiritually, in a conscious way, through the mind, through the intentions, and through the self-control that each human being is born with.

Needless to say, hours could be spoken, and much deliberation could be spoken on each Subject, but as I speak these Words today, there is Much Meaning in Them, Much Concern for every living human being, and those to come.

As this Gift of The Father's Love for human life, that bears the Name of His Holy Spirit but known in the human form as Saint Joseph, it is Important that All that has been passed through this Gift never be stopped, and spread into every place possible, because in every place where there are human beings, there is a need to awaken in them the Gift of human life; greater than anything they can buy, borrow or make, is the Soul they were given at the moment of their conception, a Portion of The Creator, that nothing else has the privilege to have.

Always remember, when there is disagreement between countries or there is a vile situation causing men, and some women, to want to fight openly to destroy the so-called enemy, why do not individuals, when hearing about the possibility of mockery to the Soul, or diminishing the Soul, or ignoring the Soul, each one should stand up against this enemy and destroy the enemy before the enemy destroys What The Father gave as a Living Part to not just be remembered but to represent the individual one day in Heaven. So be it.”
