

REVELATION DELIVERED THROUGH FRANCES M. KLUG

SAINT MARY MAGDALENE

I am Saint Mary Magdalene. Whenever The Father appoints One of Us to speak there is great joy Here in the Heavens, because there is no one of Us Here that does not want to help in some way every human being to become a Saint.

Children are not being instructed on the importance of their behavior, their interests, their conduct, their attitude or their aptitude in certain areas. So much is being bypassed, ignored and allowed, because of the energy it takes or the concern it takes of the feelings when they must be corrected properly, especially for the good of their Soul.

What is a Soul? When you ask yourself this question, what answer do you give? Usually an individual says, 'I don't know.' ***A Soul basically is a Portion of The Spirit of Divine Love, evidenced by Its Closeness to The Creator. It is beyond what a human being can describe, but nonetheless It can be seen in the Heavens by Everyone Who is present There.***

Sometimes in speaking of the Soul, each individual speaking imagines the Soul in a humanistic appearance. There is nothing wrong with this, because each one who reads these Words could not possibly envision what the Soul truly appears like, because It is a Portion of The Creator, and when It appears to someone It appears in a manner for the individual to be able to discern the human appearance, and knowing the Name is because the Saint, or as you call It, the Soul announces Who It is.

Spiritual life is far different than the human life can fathom it to

be, but it is the Greatest Goal for any human being to reach.

Children are rarely spoken to about their Soul, because the average person cannot describe It in Its Full Measure, or Meaning, so It is dismissed, bypassed or set aside, allowing only the Name to be spoken.

So much is to be looked forward to, to one day be able to see the Souls of those you communicated with in the human way, and also, for them to see your Soul this way. So be it.”
