

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON FEBRUARY 23, 2001 AT 12:30 P.M.

SAINT TERESA OF AVILA

I am Saint Teresa of Avila. The Father, in His Love for human life, has given to mankind a Special Gift; that Gift, of course, is to understand that a Creator Such As He Is, Exists.

A Great Miracle has been given to the world through a human voice. This voice has been commanded to repeat All that Heaven wishes human life to be able to read, not just hear, to be able to return to the Words so that the memory will give them the strength to follow through what is beneficial in actions, thoughts, for the good of their Souls.

Today, as each day, is special, because in each day there are benefits to each human life, and that is to remember first that there is a Creator Who Created All Things: the world, the sky, the sun, the moon, and all other things that exist upon the earth and other places.

Today is a special day, because in each one's desire to become closer mentally, physically, spiritually to The Creator, gives happiness in All of the Heavens, because of the Souls that each human being is responsible for, one's own Soul, and the Souls of those with whom they are associated.

I could speak hours on this subject, but The Father, many times, insists that when We give a Message revealing to mankind important aspects of human life, We must not make It too long, so as I leave you now, ***it is a privilege for me, as a Saint, to be a part of this Gift of Divine Love through one voice, but for millions of Souls to be returned to The Father, Saints.***
