

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**When this Beautiful Gift of The Father’s Love was first announced, it was important for each individual human being to realize the responsibility attached to a Gift of this Divine Will.**

**In the beginning, many who heard the Words, who read the Words, used their personal opinion on the validity regarding the Name of the One Who was giving the Words. It was sad to hear so much rejection, because the Words were basically obvious as not being the thoughts or the ability of a human mind to think in the manner in which these Words were so pointed, so direct, so clearly stated. The subject matter was obviously, and is obviously of Divine Will, Divine Love.**

**Many who read the Words do not discuss the Words with others. They feel criticism would come, and they feel that they could not bear to cause a disturbance between themselves and those with whom they associate.**

**At the time of Moses, when He was delivered the Commandments of The Creator, he too, found questionable attitudes, or I should say questioning attitudes, because such a happening, not ordinary, depends upon the Faith, the understanding, and the spiritual intentions of those listening or reading what is so obviously not human to make up.**

**When children are taught a prayer they say the words, and it isn’t until they reach a point of understanding what the words mean, the words are just words, but it is always beautiful to be**

**present at the time the realization hits, and the child realizes that what they are saying has an importance to it, a reason for it, and definitely a communication different than talking openly to one like themselves.**

**T**hroughout the world there are so many men, women and children who ignore the advantage of believing in all there is, to better understand the Importance of the Existence of God, The Heavenly Mother and, of course, The Holy Spirit, Saint Joseph, plus the fact that there is a Goal, a Reason, a Purpose for human life to exist first, and then reasonably reach Something Greater than what human life is known to be.

**I** could speak hours on this subject. It is important that All that has been delivered travel throughout the world. It may be difficult to understand that there are millions of human beings who are suffering starvation, spiritual starvation, and that is why this Gift of The Father's Love is so Important, because It is to give the strength to every human life, no matter what language they speak.

**M**y Words are different, I know, but the Purpose for this Gift of The Father's Love was, and is, to awaken the minds of human beings that He Exists, and in this Existence there is Hope, there is Love, and there is a Goal for each human being born upon the world. So be it."
