

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MAY 4, 2001 AT 12:51 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“There are Many of Us gathered with you today, and We smile when Our Names are mentioned through this little one: Saint Athanasius, Saint Peregrine, Saint Dominic, Saint Rose of Lima, Saint Catherine of Siena, Saint John Bosco, and Many more.

We All smile at the View We are showing her. We are lined up. In some ways it is overpowering to her. She says, ‘Which One will speak?’ We All look at Each Other. We act this way to help her relax with Our Presence in such a Great Degree. I am Saint Joseph.

This View of so Many present at this time is important, because All of Heaven speaks through this Gift of The Father’s Love for human life, as this Gift that bears My Name is to give to all living men, women and children the importance of human life, and that The Father’s Gift of putting a Holy Family on the earth was to show those who would come after, the importance of family life, and the importance that men, women and children must work together, because each one has a Soul, a Gift of Divine Love from The Father.

She stares at Us. We All smile. This Gift that has been handed to the whole world of human life, is a Gift to remind men, women and children that human life has a Purpose, and this Purpose is not beyond anyone born to the human life. The Goal depends upon what each individual practices, uses, participates in, expresses in all matters that human life is involved in, with, for and how.

We hold the little one tightly, because the Magnitude of Our Presence is difficult on her physical. The Power is Greater than the human mind can comprehend.

All through time, men have made decisions on the purpose for which a man was put with The Beloved Heavenly Queen, and The Son of The Creator. The only description was a human form, taking upon Himself the duties of the family life. This was Example to be imitated down through time.

All that has been put into script for others to read is of the utmost importance, because It has described human life as a Special Gift of Divine Love, bearing a Portion of The Creator — that nothing else has — responsible for This Portion.

We hear some say, ‘How can I be responsible for something I have never seen?’ This statement is, in man’s terms, ridiculous, because the motivation, the logic in all that is created in the human way has dignity, necessity, and definitely a purpose that should be natural to the human way.

So Many of Us speak, and to those who hear the Words It appears as though It is a natural phenomenon. This, of course, is the only way a human being can think, because very often a human being can only accept such phenomenon if they see with their eyes what is taking place. To hear about it, or to say it is occurring does not fulfill their thinking, but some of the most important actions in life are not seen happening. First of all, one of the main ones is the conception of a human life in the body of another human being. It is not seen until it is at a completion state.

I will close, because What I have put this little one’s body

through, on this time revealing certain facts, is difficult for her because of the strength I used.

I will return at a later time, and in My Love for you I say: 'As you have the Faith to believe the way you believe in this Gift of Divine Love, The Creator blesses you, I bless you, and The Holy Spirit of God blesses you.' So be it."
