

SAINT CATHERINE OF SIENA

**I** am Saint Catherine of Siena.

**T**here is not enough attention being drawn to this Gift of The Father's Love for human life. The human way seems to resent this time. This, of course, is not just a sadness, but a disgrace to human beings.

**W**ho do they think is the Commander of All that occurs? A human being? I would question this thoroughly, because no human being has the ability to create all that exists.

**C**hildren are being ignored to the degree they do not comprehend that to be a human being has a Beautiful Goal that nothing else has.

**I**n the workplaces throughout the world there is little kindness, but much egotism scattered around as if it were the right thing, the right way, the only way to be with other human beings.

***What I am about to say next can be a sadness to many who will read My Words, but the spiritual side of human life walks in disgrace, because there is so much emphasis on human ability, humanistic practices, and so little credit is given to Divine Will, Divine Love, Divine Existence.***

**A**ll ages are to blame for what is occurring that is only pleasing to the enemy of The Father Who Created All Things, Who Truly is in Command of All Things.

**M**ankind accepts weaknesses morally, mentally, physically, as if it is the most practical thing to do. It is time for human beings of all ages to begin to see the importance of human life, irregardless of how others will think of them, criticize them, or deny that they speak the truth.

***As I leave you, I beseech you to stand for what you know is truth, and always put your Soul ahead of what you feel would be pleasant to you.***

**A**s I leave you, I bless you for the time you have spent reading these Words, but never forget, The Father has chosen many Saints Here in the Heavens to deliver not just Words of Wisdom, but Words of Direction, because of the importance of you. So be it.”
