

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 8, 2001 AT 12:58 P.M.

“It has been taught to millions of people — men, women and children— that there exists The Holy Trinity, and The Holy Trinity is based on The Father, The Son, and The Holy Spirit.

This statement lacks so much definition, because in the human minds of millions of men, women and children there is little understanding of the Importance of The Divine. So much terminology is based on humanistic versions, values, intentions, understanding.

These Words I have just spoken are Words of Great Importance. ***There is so little True Understanding on the Greatness of The Holy Trinity. It is oftentimes thought of in a very casual manner, way.***

Also, The Sign of The Cross, when one says, ‘In The Name of The Father and of The Son and of The Holy Spirit,’ it is not always spoken with dignity, respect, honor, and an understanding of Who the individual is truly speaking to. ***This Blessing has been diminished to a casual indifference, and all human beings must be reminded that this Sign of Belief is One of the Most Important Open Expressions that a human being can give to The Divine.***

Children are not being instructed properly on the full concept of what The Sign of The Cross means. Adults do not always feel that what they are doing has an in-depth meaning to it, so The Sign of The Cross is casual when done, because it is something they are used to doing, rarely thinking of what they are truly supposed to be meaning.

The reason for me speaking on this today is, that this open Sign of Respect is being put in such a casual manner, degree, way,

concept, and this must cease.

When a human being greets an important figure there is an obvious respect. It is expected. There is a dignity in the meeting, the greeting. So much of this, though, has been lost between human beings.

I speak differently today, because it is time that men, women and children of all ages begin to see, to practice, and to make it a habit to use respect in many areas of life, because the casualness has affected much of what an individual, and much how an individual treats The Divine.

As I close My Words, I beseech you to remember My Words, and never forget, when you bless yourself you are calling attention to The Divine, and only respect should be done, practiced, used in the human way, to the Ultimate Source that created life for a Purpose, a Goal, beyond what the human being could possibly be to the same degree. So be it."
