

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 15, 2001 AT 1:04 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. Through this Gift of The Father’s Love for human life at this time, it is important that All that has been put into script be passed throughout the world.

Human nature, abilities, conscience, concepts, are not always applicable to all occasions, because in the human way of thinking, sometimes individuals are more apt to digress into areas that they are not familiar with, and basically do not see the full measure of meaning in.

It is natural to some individuals to want to partake in other people’s lives; it is called curiosity, but it has other dimensions of value that, sometimes, are not helpful morally to all parties involved.

Children are not being instructed on the definition of what is morally sound, acceptable, because so many individuals find every thought interesting, at least to a degree that is entertaining to them, or they feel they have found a new interest.

Today as I speak, I speak with great love for human life, because in human life ***The Father is present at all times through the Soul that is a Portion of The Creator***, not understandable, but obviously there, because through human life there is logic and a sense of justice, judgment, hope, and abilities that, in so many ways, pertain to accepting what is right, what is good over what is evil, what is vulgar, what is impure.

Today as I speak, in some places throughout the world, all ages of human life are trying to learn more about The Creator of All Things. All that is being learned is not fact. In many ways, it is

someone's interpretation of how they see it, how they feel about it, how they understand it could be.

The world has been blessed through a Gift of The Father's Love that has allowed so Many Saints to partake in, allowing Them to dictate Words of Direction, helping the minds of, hopefully, millions to more fully understand that human life, as a Creation of The Creator, has a Goal, and that is to return a Portion of it to The Creator at a given time.

Logically, this Portion is never seen, but It is oftentimes felt in one's conscience, one's logic when decisions arise, because through the Commandments that were given a long time ago, men, women and children should base their decisions on what the Content of the Commandments in Their Fullest Measure Mean.

I know I have spoken differently, but there is much to what I have said because, you see, ***it is important that human beings of all ages, backgrounds, all degrees of learning, understanding, value human life in its full worth, and never forget it is the only living thing that bears a Portion of The Creator.***

I repeat what I have said earlier, ***because the Soul is ever present, and is That Portion of human life that will be judged for all that occurred through the human life.*** So be it.”
