

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 25, 2001 AT 12:58 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. In the past several weeks, months, The Father has ordered All of Us to instill into this Gift of His, through one voice, the Importance of the Possession each human being is the custodian of.

The Soul is not thought about because It cannot be seen, but the conscience of a human being is evident regarding many things. Even little children have a conscience. They are not aware of what it is, but they know that what they have done, what they have not done is important in the outcome of it, the reason for it, and their intention of it.

Today as I speak, it is with deep love for human life, and the importance of human life. Each human being has the opportunity of decision, and of more understanding on what a decision will cause them to be accountable for. Sometimes it is monetary, sometimes it is moral, sometimes it is just because of the relationship with another human being, so the relationship does not end abruptly.

There are so many ways to teach others the Importance of What they possess. The first one, of course, is by example in what you speak, your emotions, and your cleanliness in how you look, how you act.

We hear some say, ‘Father, purity of the mind is difficult sometimes, because of the circumstances I am exposed to, and I cannot find myself being released from where I am, because it is the only place I have to live, to work, and to be with people I know.’

That is true in some essence, but remember, you have a

Gift Far Greater than what is normal to you now; you have a Soul, and the Soul is the recipient of all you can say, think and do.

Today is an important day in your life as you read these Words. Tomorrow will be an important day because, perhaps, some of the words you speak today, you will either have to take credit for tomorrow, or perhaps adjust some of the things you had to say.

Needless to say, I could speak hours on the importance of this subject, ***because to be human is a Gift of Divine Love, to be a Saint is the Greatest Gift that anyone can receive, but you must earn It, you must work for It, and you must in your own way, see that there has to be Another Way, Another Time that you will exist, because of the Soul you are the custodian of every day.***

I could speak hours on this, but What I have said so far is to awaken some individuals into the Importance of the Importance of what a human being is born for. So be it.”
