

SAINT ATHANASIUS

“I am Saint Athanasius.

It is important that all degrees of spiritual Faith should understand a major factor that is taking place. The world is saturated with sins of all dimension, thus the Souls of thousands, even millions of human beings, are becoming the victims of the laxness in moralities in honor, in dignity, in purity of the mind and the body.

So many individuals do not see the disgrace in the immorality. They are more apt to be upset by a financial burden, or cost in some item.

There are many heresies prevalent throughout the world. Those who have given their lives to be religious leaders have weakened their beliefs in some form, some degree, some manner. They openly make excuses that it is the time that causes things to change what they believe in, what they held in high esteem.

Throughout the world today, if every man, woman or child were questioned on what state their Soul would be in, most would not know how to answer, or would they feel that such an answer was not practical, not feasible.

Children are not being instructed on what is morally sound, nor are they being instructed on the importance of prayer. There is so much freedom in so many areas of human life, thus ignoring that ***human life basically was created to one day return a Portion of It to The Creator in a Pure State, being able to be called a ‘Saint’.*** It is not ignorance to what is right, it is resistance to what is

morally correct.

Needless to say, I could speak hours, but so many times when a subject is elaborated upon, those who read about it, or listen to it verbally, get lost in the content, or begin to ignore the value of the subject.

As I close My Words with you at this time, I beseech those who will read My Words, and those who will be example in many areas of life, to think of what you hold morally correct, ***and always remember that you have a Portion of The Creator within you, that everything you do, speak, partake in, that Portion is affected in a manner and way and degree you do not understand now, but at a particular time, as your Soul stands in judgment because of you, I plead with you, I beseech you, to work each day remembering that your wrong will reflect in a Very Important Portion of your being, and that Portion is a Portion of The Creator Who Created All Things.***

Some who read My Words may find Them difficult, but I beseech you to read Them again and again, because then repetitiveness very often clarifies any question that might arise, ***and by repetitiveness you will be better able to see the purity that is necessary to become a Saint in Heaven*** So be it.”
