

## SAINT JOHN OF THE CROSS

**“I** am Saint John of The Cross.

**W**e hear so many different opinions on the Crucifixion of The Son of The Creator of All Things. It is time that human beings of all ages, all degrees of intellect, all understand regarding the reason for human life, the privilege it is and, of course, the Goal for which it was created.

**W**e hear many individuals open a speech with the words, ‘Time is of the essence’. The speech has meaning, but these words have a meaning unto themselves. Time, to human life, is taken for granted, and the nature or the practices of an individual are called human, but oftentimes denied the full description of what human is responsible for.

**T**oday as I talk through one small voice, My Words are deliberately stated, because throughout the world there is too little understanding on the importance of human life, and its Close Association with the Creator of All Things, not just certain things.

**C**hildren are not being instructed on how a prayer should be stated, because little dignity is oftentimes practiced when one is saying a prayer. There is a term man would use for many prayers that are spoken: ‘It is *rattled* on without thought.’ The words mean nothing. The individual saying them feels that he or she has accomplished a deed that was accepted to be natural to human beings, all these things ignoring the importance of prayer, why it was given to human life and, of course, the very fact that it is a personal communication to The Divine, thus making it more important than any big, important project, proposition, or so-called ‘deal’ that man

has between man.

**I** will keep My Words short, because whenever an individual prays, We All look for the dignity, the purpose, and the innate sense of love for The Divine that should register in the prayer, rather than an individual rattling off something with little regard ***for Whom and to Whom the prayer is addressed.***

**M**y Words should be remembered. There is much Purpose for Them, much Reason for Them. ***It is time for prayer to be handled in a more dignified, respectful manner of communication.***  
So be it.”
