

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON AUGUST 21, 2001 AT 12:35 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are Several of Us standing close to this little one, all wanting to say Words to help human beings of all ages, all degrees of intellect, on the Importance of what human life was created for, and what human life was presented at the moment of his or her conception, a Portion of The Creator called the Soul.

So much has been delivered, enlightening all ages of human life that human life is special, because in its creation it had a Purpose, and the Purpose was to use the life to one day return the Soul with the individual's name attached to It. ***This was The Father's Way of sharing with His creation of human life, a Gift of His Divine Love.***

Human life was created with so many gifts — the gift of ability to learn, to speak, and to do many things that would give to human life personal enjoyment, as well as the insight to know that there was a Goal to human life awaiting the Soul.

It is sad when We hear individuals try to not understand All that is delivered through this Gift of The Father's Love to man. They feel that to understand It, they could not act the way their senses tell them to act. This, of course, in man's terms is ridiculous, because human life is gifted with a mentality that learns, instructs, and is capable of using in so many areas, giving to human life the abilities to understand, to project, to share so much that gives to human life benefits that no other living matter or thing has been gifted with.

In The Father's Announcement that He would use a voice at this

time, and ask so much to be put into print, was a Greater Gift than is understandable to most, but nonetheless ***it is Fact***. All that has been able to be put into script should be passed throughout the world.

Granting, there are some individuals who have been given the gifts of understanding, and giving hope, ***but this Gift coincides with the time The Son of The Creator walked the earth. It is a Gift of Divine Love, because The Father Decreed this time to be for the Souls of all human beings.***

The Soul is a Portion of The Creator, not understandable to the human mind, but Important to human behavior, practices, and It has a need to be believed, because It gives strength, hope, and a Goal that nothing else in the human way can assure a human being of, and for.

As I leave you today, never forget, as human life is Blessed with a Soul, human life is constantly in the Presence of The Creator of All Things, plus every Saint is aware of what is occurring throughout the world. I plead with you, make Sainthood your Goal, so you can one day be a Part of how God Willed Souls to be returned to Him, Saints. So be it.
