

SAINT ATHANASIUS

“I am Saint Athanasius.

It is sad for so Many of Us Saints to see throughout the world, so little understanding regarding the outward sign that is evident, that you do live in a time worse than Sodom and Gomorrah.

We hear men, women and children brag about the modernistic version that is taking place in all facets of life, thus using the changes, or I should say drastic changes, that are evidence of degradation, in many ways, in many areas, morally, physically, and definitely spiritually.

So much emphasis is acceptable on what is new in experimentations, in inventions, and in how people live in beautiful areas, homes. There is very little accent, if any, on the morals, the conduct, and the attitude of people of all ages. Crimes are almost acceptable, thus putting crime and morality in the same category. Immorality is in every age, mentally and physically. All We hear are excuses, but the most so-called logical excuse is: ‘Times have changed, we are more modern, updated.’

I will say there is no sin in updating, no moral corruption in updating when it is based on sound moral values, sound moral standards, not based on so-called freedom of the will to occupy one’s time with not just acting disorderly, but impurely in so many facets of life. Rarely is the word ‘*immoral*’ mentioned, rarely is the word ‘*indecent*’ mentioned, because they have become commonplace in the attitude and practice of so many, many human beings.

The young are not being instructed properly, and they are being led into perdition because they are not being instructed on the Soul that they are the custodian of, and that human life was created to have moral standards, and to remember constantly that every act, every thought, every deed, would pass through their Soul as part of their values that they show, ***always to remember that The Father Who created them must weigh every move that is made regarding every human being's Soul, because the Soul is the recipient, and is That Portion of human life that is a Portion of The Creator of human life, and that He Wills to be returned to Him, Pure.***

Human beings must remember, that as it is taught, because of the sin of the first living lives put upon the earth, every human being is the recipient of that sin. It is a mark difficult for some to understand and believe, and I do not base What I am saying on what was and is being taught; I am basing It on fact.

As I leave you, I ask you to be aware that human life is Gifted with a Portion of The Creator, a Blessing beyond what a human being can perceive, but is obviously there, by the innate understanding of a human being of what is pure in thought, word, deed, action, over what is impure in these things. There is too much acceptance of all that is wrong, and the Soul is the recipient, though never seen, but logic should tell every human being born, even the little ones at a young age, that they are innately capable of understanding what is right over what is wrong, what is good over what is bad, what is true over what is false, what is sincere over what is insincere; and as they grow to seek more attention, higher places in the eyes of other people, it also tells them that they have within them an open sign, to look for the Goal for the Soul that is to one day become a Saint.

Ignorance or ignoring this statement is irrational, because in

human life success is rarely not wanted, and hope is in all things.

As I leave you, I bless you with The Father's Love, and I beseech you to pass throughout the world All the Words that have thus far been given through this Gift of Divine Love. So be it."
