

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time in which many heresies are prevalent, and practiced daily throughout the world. There are so many excuses for why individuals make choices that are logically wrong, regarding the category of sound religious beliefs, sound understanding of a Divine Creator, and that Souls become Saints.

The world has been blessed with this Gift of The Beloved Saint Joseph, because as The Holy Spirit of The Creator, He has come to the world at this time, not just to enlighten human beings of all ages, backgrounds or understanding, but to instruct them on the importance of human life, and that it was created to one day return to The Father for All Time.

That Portion of human life is unseen, but That Portion of human life will one day be called by the name of the one in whom It was placed in the human way, but It will be judged on what the individual practiced morally on every issue; also, how many times that the wrong decision was made due to some foolish thought, or trying to please someone else's opinion.

The Father has given to the world a Miracle of Great Dimension to enlighten all of mankind. ***Not just one religion, but every human being born should understand that, as a Creation of The Divine, they should use all they are to return to The Creator of All That Portion called the Soul.***

It is so easy for All of Us Saints to speak about, and it is a privilege because in All that We speak, Each of Us does it in a little

different way, hoping to touch millions of individuals through the wording We use, to draw their attention to the fact that to walk the human way was a privilege; and then one day, to have an individual's Soul return to The Creator a Saint, is beyond what the human mind can fully understand or comprehend, but It Is Fact.

Scientists never find the answer they want when they first approach a project, a subject.

Human life has been given, in so many ways, the importance of human life, the reasons for which it should be handled in a pure way. No excuse can be made for a sinful act, a vile contemptible disgrace to one's Soul.

All of the Saints Here in the Heavens plead through this Miracle, to be aware that human life has a Goal, and It is Far Greater than any goal in the human way, because the Soul, as a Portion of The Creator, is the Greatest Gift of Divine Love, and each individual has the privilege of returning It to The Creator, a Saint. So be it.
