

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Wherever this little one is, The Father uses her to communicate, for All of Us Here in the Heavens, subjects important to the Souls, the bodies, and the mentalities of all ages of human life.

Morality has been dismissed as a category of what life practices. Morality has turned into many obscenities of the mind and the flesh. Too little is being instructed to the young on the importance of their actions, their thoughts, their moods, their intentions, their weaknesses and, of course, their strengths.

So much is allowed to be spoken, that if it were not spoken, immorality would not be as open as it is, and has been. It is more important that children of all ages learn that the subject matter they become involved in should be of a higher level; also, interesting to think about, to act upon, to give hope and more understanding of the beauty of human life.

Many Saints Here in the Heavens listen to thousands of words every day, and when I say ‘day’, this includes the twenty-four hours that human life is capable of using, in many ways.

The world has become like it was a long time ago, resisting what is pure, rejecting the fact that foul language, foul actions cause the Soul great harm. So little is instructed on that Portion of human life that is unseen by the human eye, but obviously present, because of an individual’s abilities to

express knowingly, words, subjects, ideas, that pertain to a Portion of themselves, more fully understanding, or expressing what is pure, what is impure, what is just, what is unjust.

The Father has given to the world, the whole world, this Gift of His Divine Love that bears the Name of The Beloved Saint Joseph. Saint Joseph, in life, appeared ordinary to the human eye, as Our Lady did in the Purpose for which She was put upon the earth visibly.

As I speak today, I speak with Deep Love, and yet great concern for the whole world of human life. Too much is occurring that pleases only the enemy, ignoring The Creator, and of course, damaging the Soul in more ways than would be discernible to the human mind.

As I leave you, I plead with you: Do not ignore the Goal for which you were Created, because your Soul pleads constantly for the one in whom It is, to be more pure in thoughts, actions, example, deeds.

As I leave you today, always remember, I am as close to you as I am your whole being. These Words may be difficult for some to understand, but all they need to do is speak in a silent manner, because the Soul is constantly aware of Our Presence, and also in all you do. So be it.”
