

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. As I speak to you today there are Several Who stand with Me, listening to everything I say.**

**The world has been blessed by this Gift of The Father’s Love, allowing so much to be spoken openly, consistently, with a Purpose that, for some, it is difficult to understand, but if they look at the logic in the meaning of All that is spoken, they will see that it was not delivered by man.**

**Children throughout the world, all ages, are in need of All the Words that have passed through this Gift of Divine Love. It is sad when We see some men, women and children ignore this Gift, and buy script that is harmful to their minds, their way of life, and definitely their Souls. We hear some individuals say, ‘There is a price on what I buy, so it must be good.’**

**Today as I speak through one small voice there is no price to pay for the Love that I express in speaking Words of Direction, of Hope. The Will of The Father is to have all Souls return to Him in a State of Purity, so when They return to Him there will be no place before Him that They will have to go, to repent for sins of the flesh, the mind, and also the sins that they caused others to take part in.**

**I hold the little one tightly, because I come in a very strong way today. There is so much that has been given through this Gift of Divine Love, not only for the Souls, but the importance of human life, instructing that human life has a Goal, and that each Soul that is returned to The Father has a name, the name They bore in the human way.**

**C**hildren are being allowed impurities of the mind and the body, with those in charge of them saying, 'It is because they are human beings, and it is part of human life to act this way.' There have been many times in the history of human life that wrong has been accepted, right has been ignored, and truth was passed off as being for another time.

**A**s I hold this little one through whom I speak, and she responds to My Words so you will have My Words to remember the importance of human life, and that millions of human beings, all ages, all degrees of intellect learn about this Gift of The Father's Love.

**T**True, the Gift was blessed with the Name of The Beloved Saint Joseph, for do not forget, in reality, He is The Holy Spirit of The Creator of All Things, which makes this Gift Bearing His Name More Important than the average human being sees It to be, for The Father Himself passes through His Own Holy Spirit, Instructing all of human life, and allowing All the Saints Here in the Heavens to participate in this Great Gift that is now taking place in your time.

**A**s We watch and hear some with the Words that have thus far been delivered in Our Own Way, We encourage them to believe What they have read that has been written for them to read, because human life is special.

**W**e hear some say, 'I prayed to Saint ...', and they mention a Name. They should then ask themselves: 'How did They become a Saint? They lived a human life before that time They were given that title "Saint".'

**T**here are so many throughout the world, men, women and

**even children, who claim to believe in The Creator of All Things, but they do not act the part, and they ignore the Rules, thus making the Rules no foundation for how they live, how they think, how they talk, how they act.**

**So much Divine Love is in each time One of Us speaks. It is Greater in Value than anyone can perceive, because to have It so Immediate, so Direct, gives more of a Personal Feeling to Our Presence in you, around you, for you.**

**I beseech you, remember this: As I stand Here and speak to you, the Saints Who surround Me are great in number, and Each One of Them prays in Their own way, with Their own words, that The Father will give you the strength, and all who read these Words, to one day join Them.**

**We hear some say: 'What is a Soul? I cannot see It, I cannot feel It.' The Soul is a Portion of The Creator, and It should never be mistaken for anything else. It is impossible for human life to fully understand What The Father of all life is like, the Greatness of What He Is, but always keep in mind the logic that there is, and has to be, a Higher Being in Existence, else there would be nothing on earth to give credence to how things occur, or how human life began. The list is endless.**

**I bless you with a Mother's Love, and I plead with you, be example of all that is pure, because your Soul is the recipient of what you are, what you do, and what example you portray to help others become Saints.**

**As I bless you with My Love, I bless you with the courage to follow The Father's Will that you become a Saint."**
