

SAINT PEREGRINE

“I am Saint Peregrine.

It is unbelievable to many who read All that has been delivered through this Gift of Divine Love. Some say, ‘How could anyone speak so many times, in so many ways, unless it was truly Someone using their voice, their mind, to deliver the Important Subjects that seem so easy to understand when They are dictated, put into script, and to be handed out to all of mankind.’

The Father, in giving this Gift in the manner and way He does, is because the Written Word will remain longer than anything said verbally, or spoken repetitively.

I smile at the little one through whom I speak, because she stares at My Face. What she sees is not as a statue, but as a Light, different than any other light could be.

The Father has given, at this time, so much Love for His Creation, human life. Millions of Words have been spoken over the years, even before this Gift of The Father’s Love was Formally Announced to mankind.

There is so much dissension amongst many who feel they have the ability to instruct on The Divine. There are other words that can also describe what many of them feel. To some, it is almost a disinterest; to some, it is a repetitiveness of what they have learned; and to many, there is very little sensitivity to the meaning that must be expressed, regarding what human life possesses, ***and that is a Portion of The Creator, and This should never be scandalized or blemished in any way.***

There is so little instruction on the importance of human life and the Goal for which it was created. So much of human life is taken for granted, but done in such obvious, incredible versions of its purpose.

The Father has given a Special Gift through one voice. Some might say, 'Why one voice?' I smile when I say the next words: 'If there were many voices at one time, would not it cause a lot of confusion?'

This Gift that bears the Name of The Beloved Holy Saint Joseph, has addressed so many Important Subjects, instructing all degrees of intellect on the Importance of human creation, its Purpose, its Goal.

The world is in desperate need of All that has been delivered, put into print, for the souls that are starving to know what they were created for, and that there truly exists within them, more than what they see, what they feel, as human life.

Prayers has dwindled in many ways, in all ages. I cannot understand this, nor can any Other Saints Here in the Heavens understand this, because prayer is a communication.

Some say, 'I hear nothing back. Maybe that is why I do not pray more often.' These words are only excuses. Ask yourself, 'How many times have I had a conversation with all types of people and received no responses?' Why? Because they were too busy discerning the full meaning of what was spoken, or they felt it did not apply to them.

There are multiple reasons, too many to speak of now, but no prayer goes unheard, though this may be difficult for some to

understand; but The Father has made communication with The Divine different than any other communication. Everything that is spoken is heard. Everything that is thought is visible. Every intention is seen, in a way, a degree, a manner, that would be difficult to explain in words at this time, but as each Saint speaks, We do it. It is the Will of The Father to awaken the minds of human beings of all degrees of intellect, all natures, that there is a Goal to human life for a Portion of them that is also a Portion of The Creator — a Soul.

When We hear individuals say, ‘We are soul mates to each other,’ Our Words are not heard, but We respond in a manner and way, trying to enlighten the individual to understand that as you feel the responsibility of being a soul mate to someone else, ***it is important you remember that your Soul is a Portion of The Creator, and what you have in mind can only compare to a very minute degree, to the Magnitude of What one’s Soul Is, in reality.***

As I leave you, please remember: There is time to use all you are, and all you need to change within you, to make your Goal ‘Sainthood’.
