

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON NOVEMBER 21, 2001 AT 12:35 P.M.

There are Three Saints present: Saint Anne, Saint Clare; Our Lady is smiling. It's Our Blessed Mother, and Our Blessed Mother will talk.

OUR BLESSED MOTHER

“You live in a very important time, similar to the time My Son walked the earth — so much Beautiful Instruction, Direction, Care, being delivered to assist, to help, and to encourage all backgrounds in human lives, all talents and all abilities, to understand the beauty of truth.

The world, in many ways, has changed. Human beings of all backgrounds have allowed themselves to ignore important things, whether they be morals, wealth in many areas, not just financial wealth.

Today, as I speak through one small voice, it is important that this Gift of Divine Love, through which, and from which, so much Divine Love is shown, expressed, dealt with and delivered, encouraging all ages to understand that the Creation of human life was Special, is Special, because within it, it is given the opportunity to return a Portion of it. That Portion is a Portion of The Creator. It is called a Soul.

Animals don't have Souls, other types of creatures do not have Souls; they were all created for other reasons, but human life was created not just to the Image and Likeness, but for a Goal.

I have spoken to the little one a personal note of Our Love for this Gift that has placed so much responsibility within her,

upon her. It has taken place a long time, this Gift of Divine Love, and it is important that all ages, all degrees of backgrounds become aware of this Blessing, that does not just encourage human beings to realize the importance of human life, but so much Instruction has been given, allowing the minds of so many to value the Information that, in many ways, binds human life to All The Saints.

Needless to say, I could speak hours on the Love that is generated through this Gift of The Father's Love, to awaken the minds of all ages of human life that there is a Goal for a Portion of them, and It should never be ignored.

Children must learn that though it is innate in them to want to lead others or accomplish goals, the Greatest Goal that they can reach is within them, to do, to accomplish, by remembering that every act, every action, every thought, every word is important, because through everything they show, they practice, it is recorded in their Soul.

As I leave you now, do not forget, no human being is conceived, in the human way, that is not Gifted with a Soul.”
