## SAINT ATHANASIUS

**I** am Saint Athanasius. There are Many present Here with Me today. We All want every living human being to more fully understand what a privilege it is to be born in the way of man.

**M**any of Us Saints beseech The Father to allow Us to act in some form, some way, to discourage an individual from making their Soul impure in any way. ***The Father says: 'Do not forget, I have blessed them with a "Will", and this Blessing is personal to every human child born. The "Will" is a "Gift of Choice" in what they say, what they do, else they would be not human, and would not be able to understand the importance of purity over impurity, justice over injustice, love over hate.'***

**C**aring is a very important act of love when it encourages, either by one's actions or words, someone else to see the importance of whether an act is right or wrong, pure or impure, just or unjust, kind or unkind, necessary or unnecessary. The listing on these words is endless, because human life has the '*privilege to choose*', in all areas of life, what they will partake in, what they will reject, what they will be good example in, and what will have a taint or a total wrong immorally, in what others see them participate in, or be example of.

**A**ll of the Saints want every human being born to become a Saint. Think of it this way: Very often a man, a woman, a child will take great pride in how they appear to others physically, or psychologically, domestically or intellectually. It is important that one word be added to this: What does one's stature, words, actions imply as to whether it is thoughtfulness, good example, or morally sound or immoral in its own way?

**A**ll ages learn from what they see, what they hear, and there is a great impact on how they respond. Sometimes they imitate, sometimes they desire to be the one imitated. There are so many facets to human life, because in human life there were so many Gifts included — the ability to see, to hear, to speak, to act, to walk, and many other important things that radiate to others good example or bad example, truth or untruth. The list is endless.

***This Gift of Divine Love that bears the Name of The Beloved Foster Father of The Son of God, gives to the world at this time, Messages that should never be ignored, and All the Saints Here in the Heavens want to take part in this Gift, because It is a Gift of Instruction, encouraging those who will follow What is put into print, the Importance of human life and the Goal that awaits it; a Goal Higher than any human goal could ever comprehend.***

**A**s I close My Words with you today, I beseech you to be good example, so that others will learn from you and see the Importance of human life as it was designed to be — what would one day have the privilege to return to The Creator, and be called a Saint.”
