

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We All smile when there is happiness amongst those who are present.

It is important that all of human life understand that to be a human being is a privilege, because it has a Purpose, it has a Goal, it has a beginning, and basically there is no end to it, because the Soul is the survivor and will live on Forever.

We hear so many individuals mention that they would like to leave a mark for others to remember; some form of a heritage that would keep their name in front of others at a later time. I smile when I say My next Words: ‘The best way to allow this to happen, to cause it to occur, would be to practice, in everyday life, your will, your way, your Goal, to become a Saint.’

Sainthood is a reality, as you know reality to be. It exists in an obvious manner and Sainthood is Forever, not for just a period of time, governed by how you feel, how you live, how you work, or on things you enjoy.

My Words today are delivered with much Love, much Sincerity, and much Hope.

It has often been spoken through this Gift of The Father’s Love, to strive to make your Goal Sainthood. It is not an impossible task; it is far easier than you think, because you are the custodian of all you do, how you treat others, and do not forget, life without a Goal would be empty in many ways, but knowing that you have a Portion of The Creator within you, should make life worthwhile in every day, because you do have

something to look forward to. There is a Purpose for why you were born, and all the understanding you have on human life because you are living it, but also that you automatically have a Goal for a Portion of you called the 'Soul'.

The Soul will live Forever. A lot depends upon your role in the human way, Where the Soul will be placed at another time, another way.

As I leave you, I bless you, because as you use your time to try to better understand, to more fully comprehend the Purpose of human life, you always have that Goal.

As I leave you on this day, I only leave you with My Words. I am Forever near you and ready to hear what you have to say."
