

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON DECEMBER 4, 2001 AT 12:51 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I come today to speak on two very important subjects; one is on the morals of human life.

The Father, in giving to the world the Commandments that He Willed mankind to follow, and to understand as the Guidelines for human life, are being cast aside by millions of men, women and children.

When The Son of The Creator was born, it was for a Very Important Reason, because the Presence from childhood on was to give strength to the birth of a human being, and what the human life was to stand for; a constructive format for living as a human being, one of honor, one of truth, and one that would give to all others a strength to more fully understand that human life had a Goal, and each human being is given the privilege to achieve the Goal for their Soul, because of how they act amongst those who walk the same role, the human role.

Today as I speak, I must further announce that The Father has given to the whole world of human life a Gift similar to when He gave to twelve men the opportunity to instruct, and to be a model of purity of the mind and the body, for the Soul.

My Words are Important because in Them The Father’s Love shows.

Today is an important day in the life of every human being alive, because today each human being has the opportunity to see the importance of human life, and that through their will they can achieve a High Goal, Higher than any goal in the

human life, commonly known as Sainthood for the Soul.

We hear some individuals question what the Soul is. The Soul is a Portion of The Creator, because without this Gift of Divine Love, human life would not have the abilities, the knowledge, or a goal.

As I close these Words, I beseech you to take the responsibility upon yourselves to spread this Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Creator, called 'Saint Joseph'. In the human way 'Joseph' was an important name, but then there was a point when the word 'Saint' was automatically added to the name, giving to all of human life the Importance of the creation of human life, and through the Birth of The Holy Spirit, the human birth, it openly addressed the subject that God, in His Love for human life, showed that the human way is Important, so He gave a Portion of Himself to prove His Point.

As I close My Words, I want you to remember, all who read these Words, it does not take a brilliant mind to understand that human life was created by The Divine, and bears a Portion Unseen but *always present* from the moment of conception. It's called the 'Soul'. So be it."
