

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Throughout the world there is little understanding of the Importance of believing in a Divine Family.

So many read Bible History, and they try to implant into what they have read, interpretation that allows them to only think of humanism, ignoring the Importance of What is called ‘Divine’.

We hold the little one tightly, for there are Many of Us Here, ***because a Blessing of this Magnitude is unknown to human man.*** The Father has given to the world a Gift of Divine Love, to help all ages of human life to more fully understand that there is a Purpose for all a human being thinks, says, practices, and can fully understand. Without these things, it would be impossible for human beings to innately know there is a Goal beyond the human role.

This Gift of Divine Love that The Father has given to the world, is a Gift beyond what any human mind could relate to in the manner that so much, thus far, has been delivered, could be done on a human being’s own understanding of the importance of human life, and its Goal.

There are millions of men, women and children throughout the world who find it easier to deny this Gift of The Father’s Love, because they do not want to be controlled. It is not just *foolishness*, nor is it just what man would call ‘*ridiculous*’. It is beyond both these words. There is only one word to use that fits the situation, and that is the minds of so many so-called learned men and women are ***demonically controlled.*** They feel that they have the power to

understand all things, but basically they accept only what they feel is satisfactory to them, or beneficial to them, but also, that they have a personal control.

I will close My Words, because What I have spoken is of Great Importance, and must be seen for how well The Father knows what is occurring to so many human beings, encouraging them to ignore the Commandments that were given a long time ago, and the importance of each individual caring for their own Soul.

A foolish question arises so many times: 'If I have a Soul, why can I not see It?' The very fact that you know right from wrong, good from evil, tells you that there is more to you than the physical, or your own will to act inappropriately at any time.

I close My Words through this small voice, but hopefully, that soon All that has been delivered through this Gift of Divine Love will be seen for the Importance It is, because nothing greater could have been given to human life, helping all ages to understand they are the possessor of a Portion of Divine Love, Divine Being, that nothing else is, has, or will ever have. So be it."
