

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is sad for so Many of Us Here in the Heavens to have to see such a small body go through so many preparations, for the sake of human beings of all degrees of intelligence, all backgrounds, and all opinions on what is right, what is wrong, what is true, what is untrue.

It is Important that this Gift of The Father’s Love for human life be passed throughout the world, even when It is rejected by individuals who cannot believe that they live in a time that so much Love from The Divine is being passed on, and put into script.

The world has been blessed, because of the Souls that are being abused by those within whom They were placed at the moment of conception. There is so much diabolical interference that must cease.

The Important Statement I am about to make is that the human being who feels distracted by wrong, has the *ability to reject* what is wrong, what is immoral, what is impure, what is unjust. The human mind has the ability to do many things, and weakness is no excuse for saying that one is trapped by emotions that they felt would be all right, because of being a human being it is difficult to not do some things.

The little one who speaks Our Words is oftentimes a victim of interpretation, or I should say misinterpretation; also, it can be spoken of as jealousy of those who feel they have the

knowledge and the power to make judgment on a Gift of this Magnitude, that basically is Sound in Its Reality, Truthful in What It speaks, and Beneficial for the Purpose It obviously is for the mind and the body and the Soul of all ages of human life.

I could speak hours on this subject, because it is so important for men, women and children to realize, not compromise, that in their decisions they must choose what is pure over what is impure, and not make *excuses* called human weaknesses because they will favor the wrong instead of the right.

I will close My Words, because My Words are very heavy on the little one through whom We All speak. By heavy, I mean her will to do The Father's Will, and accept All that is delivered through her, is a responsibility so in-depth within her, that It causes a physical strength to reach exhaustion that is, and will be and always has been, for others to understand that to speak the Words commanded to be spoken according to The Father's Will, takes more strength than the human minds of others can feel. So be it."
