

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON DECEMBER 26, 2001 AT 12:52 P.M.

SAINT FRANCIS OF ASSISI

I am Saint Francis of Assisi. My Words flow through a small voice, but They are possible through the Power of The Living God.

It is sad for me to say, too few men, women and children want to understand the Beauty and the Divine Love that they are the recipients of when they are born in the human way. There are many privileges to this Gift of Divine Love, not always understood the human way, but show themselves in various ways; first of all, through human mentality, understanding, and the ability to learn many things outside of an individual's way of life.

The world has been blessed abundantly, and it is sad for me to say there is more attention on foolish ideas that have no logic, reason, purpose or goal. The importance of human life gives all human beings the abilities to fully understand that ***there is a Creator Greater than the human mind can comprehend.***

It is important that little ones be instructed regarding the fact that there is a Goal to life, for life, within life, that nothing else has.

We hear so many so-called learned men and women openly speak in justification of their immoral actions, practices and example that, in many ways, is destructive wherever it is shown. Not only small children are the recipients of this impure way, but many adults accept what they see, they hear, they feel, because they automatically use the human role as justifiable, in even wrong things.

Throughout the world there are many so-called 'religious learned' individuals who, in daily life, accept what others think,

practice, even when it is diabolical in nature, and an insult to the Commandments of The Creator. ***There is no thought as to what is right over what is wrong, what is pure over what is impure, what would be pleasing to The Creator, The Father, The Giver of life, over what is pleasing to the enemy of all these things.***

Children are not being instructed, and it is sad for me to say, many who have grown into many years do not see the importance of human life. They allow themselves to be vulnerable, using the word 'vulnerable' in a very lax manner of acceptance, thus not wanting to admit that they knew what was right over what was wrong, what was pure over what was impure, what was just over what was unjust, what would be pleasing to The Father over what would be displeasing to Him, and pleasing only to the enemy of all things.

The Purpose of this Gift, at this time, that has been given to the whole world of human life — granted, some not ready to read It or understand It, because of the language in which It is put into script, but translations must begin because it is important for Souls throughout the world to know that The Father's Will has been given to human life, and so much Instruction is Important because of the Souls that every human being, not restricted to one language, is the custodian of.

The Soul is a Portion of The Creator, God Himself, that must be protected and never used in an impure manner, way, or purpose.

This Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Creator of All Things has, in many ways, shared with All the Saints Here in the Heavens, the importance of human life and that it has a Goal Greater than any goal in the human way.

As I leave you, I only leave you with My Words. I am never any distance from you. ***Remember this.***”
