

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JANUARY 17, 2002 AT 12:40 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

So many times men, women and children make excuses for what they do, and they call it a ‘sign of the times’. Now, if an individual has to make an excuse, I ask you, is it an excuse for doing something unclean, impure, unjust, or is it just an act of politeness on an incident, accident, or a situation that occurred?

Prayer is oftentimes said diligently out of habit, but when an individual misses a time, they automatically make excuses to themselves first, and ignore the fact that the prayer was a very important part of communication that gave them strength to accomplish other things, ***and also a communication with Someone Who is in a Different Realm of Life, Close to The Father, and able to help, assist without being seen, in answer to prayers of request.***

It is so easy to forget the Goal of life. It is so easy to not remember that a ‘thank you’ for a favor is heard by the Saint in whom the favor occurred. Though it is difficult for millions of human beings of all ages to truly fathom the Existence of Saints, there are Thousands of Saints available all the time.

If human life had no Goal, it would be a sadness unbelievable to the human mind, because the very fact that human life has been instructed that they have a Portion of The Creator within them called the Soul, automatically gives strength to daily living, and hope in a need at any time in life, just knowing you are not alone.

When one in the family passes away, there is a big void for

some time. There is an adjustment period, but the person is never fully forgotten because the individual was a part of the life, in some form, some way, some degree, and is most times remembered for little things.

In this Gift that so much is spoken regarding how Close The Creator is to human life, it is sad when We see or hear some individuals ignore the fact that The Father allows so Many of Us to speak; 'Connecting Link,' they call It, 'to The Divine,' many times more natural to believe than an individual understanding that ***The Father is The Creator of All Things, The Father is The Controller of All Things, and The Father is Above and Beyond the human mind.***

Human life is gifted with hope, and gifted with the ability to understand what is pure over what is impure, what is just over what is unjust, what is kind over what is evil. Some who read All that is written through this Gift of Divine Love, openly speak in a surprised tone, 'It is amazing, the length of Each One Who speaks, in What They say; They are so closely connected in the number of Words.'

Today as I close My Words with you, I remind you, those who put Them in script, and those who will read Them, always remember human life is Gifted with a Soul. It is a Portion of The Creator, not understandable to the human mind, but remember this: How many people have you known throughout your life, and then you do not see them for a long time, but when you meet them, perhaps by chance, it brings back many memories of your association with them.

I smile when I say these Words, because human life is Gifted with so much Love, due to the fact that human life has a Soul that will one day be returned to The Creator, and as the Soul meets The Creator, there will be a happiness unbelievable to the human mind."
