

SAINT PEREGRINE

“I am Saint Peregrine.

It is important for all of mankind to realize and to understand that ***there are Souls Here in the Heavens that came from all walks of life, because the ones in whom They were placed had many personalities, natures, talents, opinions, and challenges that they desired to fulfill in the way of man.***

Children and adults are not looking to what is realistic, what is rational, logical, because though everyone fears death in the human way, they ignore the purpose of death, and that it has a Goal Higher than the individual understands a goal to be.

The Commandments were given a long time ago, through a man, dictated by The Father of All Things. The Commandments are most times ignored by those who hear Them, or even those who learn indepthly about Them. We hear so many individuals make claim to understanding the Commandments, but basically do not remember Them when a decision arises, wherein the Commandment should be recognized as the way to handle the situation.

Let us take one Commandment: ‘**Thou Shalt Not Commit Adultery**’. This Commandment is broken thousands of times a day throughout the world. It is always justified for some human weakness, reasoning, purpose, but innately an individual knows that when they partake in something of this way, it says that their logic is out of control.

So much throughout the world that is wrong is accepted, justifying a weak point in it that satisfies the individual’s mind and

body, totally ignoring the Soul.

The Father has given to the world a Gift of Instruction, of In-depth Teaching on the Importance of human life, why He created it, and that it bears a Portion of Him called the 'Soul'.

The very fact that He has announced, through time, that the Soul is a Portion of Him, should not just awaken the minds of human beings to what a privilege this is for them, but a responsibility for how they act; and what about their conscience when they wrongly act, impurely act.

Needless to say, every time Words are spoken from Where I am, They are to instruct men, women and children on the Importance of human life and how The Father Wills it to be, because within it there is a Portion of The Father, unseen, but the very fact that the mentality of a human being has the ability to know what a pure action is over an impure action, what a just act is over an unjust act. This list is endless. The words to describe this list would fill pages of written words.

A Gift of this Magnitude, giving insight to all that a human being is capable of understanding, is truly a Gift of Divine Love.

There are no logical excuses from any human being to deny the importance of what is moral over immoral, pure over impure, just over what is unjust. The list is endless.

As I close My Words with you, needless to say, thousands of pages could be written on the Importance of human life, why it was created, and the Beauty of the Goal that awaits it.

Today as I speak, I speak with a sadness within me and yet much hope, ***because through this Gift of The Father's Love that bears the Name of His Holy Spirit, millions of Souls will one day***

understand that the Gift of human life as 'man' was a 'privilege', and had the Highest Goal of any living matter or thing.

Hopefully, My Words will travel far, because sometimes one individual reading an Important Message has the ability to spread the Will of God in many directions, especially when they feel so indebted to respond to helping others more fully understand ***that human life is a Gift of Divine Love Firsthand.***”
