

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Father, in His Love for human life, has given a Blessing beyond what any human mind can perceive It to be. Perhaps you have heard Me speak these Words before. They are Important Words, because They are to awaken the minds of all age groups of human life that The Father’s Existence is Real, and all things from human life are seen.

When a man, woman or child receives a gift that pleases them, it shows in some way, some form, some degree. I say these Words with much Love for human life, but I also say to human life that The Father, in His Love for the Souls of all human beings, has delivered, and is delivering, a Gift Greater than any mind can perceive.

The Father, in allowing So Many Saints Here to speak, is to awaken the minds of all degrees of intellect of the Closeness human life has to The Divine, but also revealing to human life that once these Saints walked the earth, and are now Blessed to the Degree of Sainthood for the Soul They bore during life as a human being.

This Gift that bears the Name of The Beloved Saint Joseph, is a Gift enlightening all minds to the Importance of What Saint Joseph stood for when He walked the earth as the Foster Father of The Son of The Creator. Logic says He was not ordinary. Now, today in your time, He walks the world through one voice, and All of the Heavens teach human beings of all degrees of intellect, the Importance of How Close The Divine is to them,

through the Words Each One speaks.

One small voice was chosen to deliver millions of Words. Logically, this would be impossible for the human mind. Do not forget this statement of Mine.

I would like to add one important statement. Children are not being instructed on the True Presence that they are exposed to every day they breathe, they act, they participate in the human way. So little is being instructed by those who feel they have the knowledge, the power, the interest, the ability to teach on what is called spiritual subjects, but in many ways the human side enters, and it is not as this Gift is, because All Here in the Heavens speak directly, wanting Their Words to be put into script so there can be no misconception of what is meant.

The Souls of every living human being are Portions of The Creator, unseen but obvious in many ways, especially when an individual has to choose purity over impurity, love over hate, truth over untruth, and many more things, that in the human way, each human being is subjected to every day.

As I close My Words with you, I beseech you to remember, to be born as a human being is a Blessing that nothing else has the privilege to be.”
