

THE SACRED HEART

“I am called The Sacred Heart of Jesus. I have heard individuals question this Name in ways they could not understand a Child being the Heart of the One in whom It was born.

So many times words that are a little different are misunderstood, only because those who hear the words are not capable of understanding the value, the importance of what the words mean. Sometimes it is purely a physical meaning, but when it is connected to The Divine, it is associated with The Divine Will of The Creator, the Personal Love of The Creator, and also the importance of what was created, especially when it is a human life, because in the human way there is a Goal Greater than men, women and children understand the Goal to be. It is a Goal for That Portion of them that is a Portion of The Creator known by the name ‘Soul’.

So much has been delivered on the importance of human life, and its Close Association, Connection to The Divine. When We hear a question, or I should say a questioning of how this can be, We ask the individual to think that the lineage of human life, in its importance, began with The Divine, for a Goal to return to The Divine and be called ‘Saint’.

The Father has given to the world a Gift of Words, instilling into the minds of millions of human beings the importance of being a human being, the reason that is instilled in a human being, that there is a Goal beyond what is understandable to the human mind, but is obviously a point of reality.

So many hours could be spoken on this Close Association that human life has with The Holy Trinity. It is important that children understand that they have a Future, a Goal, a Purpose, a Reason for their being born, because without this there would be no reason for the Rules of human life to even exist.

Animals live differently. Each one has a purpose, but none have the mentality, or the ability, or the reason for life that a human being is Gifted with.

As I leave you, I beseech you, cherish your way of life, and remember, in your senses, in your abilities, you have been given the Gifts to fulfill the Goal you were created for, and that is to return to The Father a Portion of you that you cannot see, but through your logic in what is pure over what is impure, what is truth over what is untruth, there is within your mentality an understanding of the importance of what you have the mentality to understand.

And as I close My Words with you, I remind you, purity of the mind and body is what your Soul absorbs in everything you say, you practice, you partake in, you believe in, and you do.”
