

SAINT ATHANASIUS

“I am Saint Athanasius.

When my name first became evident to thousands of people who did not know anything about me, All that was spoken at the time my name was announced was news; it was encouraging to many individuals who felt the need for what I stood for.

Today as I speak, I speak with much love and gratitude to The Father, allowing me to be a Part of this Great Gift of His Divine Love for the Souls of millions of human beings, that have no concept in knowledge that they are the custodian of a Soul of Such Greatness, and also, the fact that this Soul, at one time, is to represent them in Heaven.

So many places throughout the world there is so little understanding of the Importance for which human life was created, and very little understanding that there is a Goal for the Soul of every human being.

Children are not being instructed on why it is important for them to not do unkind things, or have impure thoughts. Most parents do not explain that there is a Goal for life, and that all that a human being does in the human way, the individual is accountable for one day.

Sometimes a child feels so much closer to The Divine when he or she learns that they were created for a Goal, a Place to go, for a Portion of them that will never end, and it is important because at that time they will be Close to The Creator they have learned about, they have been instructed on.

Another thing a child, and even older men, women and children should learn about the Goal of life. It is not being instructed by those who feel they have the learning, the knowledge to do it, because oftentimes the human part of life becomes more evident, and then the spiritual part of life is not seen for the Importance of it, the Importance of acknowledging the True Existence that it stands for in the lives of every human being.

All of Us Saints Here in the Heavens cherish this Miracle The Father has given, because ***it is Our sharing that gives Hope that more Souls will be saved, for the Purpose for which They were given at a particular time, to an individual who knew nothing about The Divine.*** Ask yourself: Would it not be sad not to have a Goal for life? Would it not be hopeless in daily living not to feel that you were living for something to give you and your way of life Purpose?

As I close My Words at this time, always remember, through this Gift of The Father's Love that so Many of Us Saints have had the privilege to speak through, ***you too, one day can become a Saint, and become a Part of helping others to more fully understand what a privilege it is to be born as a human being, with a mentality, a will, and yes, the understanding that there is a Goal to life nothing else has.***"
